

SHARP ELIMINATES ROGERS IN RACE

TRIBUNE CUP RACE TEAMS TO
PLAY HARD GAMES HERE AT
LAWLESS GREEN PARK

By forfeiting Monday afternoons game nine to nothing at the Lawless Green field Rogers was eliminated by Sharp in the Central Texas race being sponsored by Jinx Tucker of the Waco Times Herald.

Friday afternoon Sharp won by a twelve to three score behind the steady pitching of Edger and there was no doubt as to the outcome after Sharp scored four runs in the third inning. Hammond who started for Rogers was replaced by Sumrell in the third.

Batteries: Sharp, Edger and Henderson; Rogers: Hammond, Sumrell and Farrow, Reeves.

Score by innings:

Sharp	104	220	021	—12
Rogers	000	200	010	—3

Sunday afternoons game proved to be a much better brand of ball, and Rogers finally won out in the ninth five to three. As in Fridays game several changes were made in the line-ups in their efforts to win.

Batteries: Sharp, Glenn and Henderson; Rogers: Cros and Reeves, Gammond.

With a game each, Monday was to be the rubber game as to who remained in the cup race and each team was keyed up to the nth degree to win the deciding game. The score by innings tells but little of the story, but they battled into the eleventh inning with four scores each. Lewis, third man up for Sharp was hit by a pitched ball and was attempting to stretch Speegle's hit, who followed and here came the interference on the part of Harris, playing third for Rogers. Blackburn, umpiring bases, waived Lewis in with the play. Jones became so angered he threw the ball over the grandstand and Speegle scored from first.

After much wrangling on the field the umpires, McElroy and Blackburn, awarded the game to Sharp nine to nothing. With these victories over Rogers Sharp is scheduled for the best two out of three games with Bell Falls.

Batteries: Sharp, Humphries and Henderson; Rogers: Jones and Grimmond.

Score by innings:

Sharp	000	201	000	12	—6
Rogers	000	010	101	1x	—4

Birthday Party For Little Walter Sharpe

In celebration of his fourth birthday, which occurred August 6, Walter, son of Mr. and Mrs. Raymond Sharpe, invited about 30 of his little friends to enjoy games at his home in the afternoon.

The birthday cake, which was white with pink candles, was cut on the lawn. Mary Ann Green cut the thimble, Larry Cable the dime and Bobby Bennett the button. Along with the cake the small guests were served ice cream cones. Souvenirs were guinea pig balloons and candy tied together.

Mrs. Sharpe was assisted in the entertaining by Mrs. Pope Sapp, Miss Bonnelle Neinst and Miss Frances Sharpe.

Miss Rose Rischar Is Bridge Hostess

Miss Rose Rischar entertained Tuesday afternoon with seven tables of bridge, naming as honor guests her sisters, Miss Malchen Rischar and Mrs. Dan Legacey of Coeur d'Alene, Idaho. Mrs. Earl Evers was high when scores were tallied, and Mrs. Niley Smith was low.

During the games punch was passed, and at the conclusion the hostess served ice cream and angel squares. Plate favors were nasturtiums.

Out of town guests other than the honorees were Mrs. Edwin Walker of McGregor and Mrs. Earl Evers of Cuero.

PRESBYTERIAN AUXILIARY

The ladies of the Presbyterian Auxiliary met in regular monthly session Monday afternoon at the church. After the devotional reading the Bible lesson from the Book of Luke was taught by Mrs. John Green. This was followed by a business session, during which plans for the fall were discussed.

Miss Helen Green, student at Texas University, spent last week end in Cameron with her parents Mr. and Mrs. C. N. Green. She was accompanied back to Austin by her sister, Miss Mary Frances Green, who is visiting there this week. Miss Helen will receive her Master's Degree at the University on August 26, and she will teach English in the high school at Calvert this winter.

Mrs. Grady Stidham and children left Tuesday for San Marcos where they will visit relatives.

LIGHT RATES AGAIN REDUCED IN CAMERON

FIFTEEN PER CENT REDUCTION
ANNOUNCED BY MANAGER
JOHN C. YOUNG

A new commercial lighting rate, similar in form to the residential rate put into effect here a few months ago has been announced by J. C. Young, district manager of the Texas Power and Light Company. This rate, like the new residential rate, has a flat charge based on the maximum demand for electric service and a meter rate with steps of 7c a kilowatt hour and 5c a kilowatt hour, but with an additional step which brings the cost of electric energy down to 3c a kilowatt hour. The billing demand is based on the average maximum use of electric service. The minimum bill is the flat charge, but not less than \$1.00. The new rate becomes effective with the next bills received by commercial lighting customers, which includes hotels, recognized rooming and boarding houses, offices, warehouses, churches, schools, lodges, hospitals, shops and stores. With this change in form of the commercial lighting rate, the top step is reduced from 10c a kilowatt hour to 7c a kilowatt hour and the second step from 7c to 5c a kilowatt hour. The third step remains 3c a kilowatt hour. The new commercial rate is optional.

"The new form of commercial lighting rate recognizes the trend toward a greater use of electricity in modern stores and business houses," Mr. Young declared, "and provides a scale whereby a customer may make a greater use of electricity with little increase in cost. Only a few months ago commercial lighting rates here were reduced and the new rate makes possible further savings in the use of electricity for commercial lighting, fans and other small power uses. Under this rate merchants can use economically more light than under the old rate and the business section can be made more attractive at night with well lighted store windows."

"Repeated experiments have proved that proper illumination is one of the best salesmen a store can employ. Advertising in a newspaper and proper lighting in the store go hand in hand. The advertising brings customers into the store and plenty of light displays merchandise to the best advantage."

"The new rate conforms to the policy of the Texas Power and Light Company to keep its electric rates as low as is commensurate with sound business principles."

MEXICAN YOUTH WAITS FATE AS SLAYER HERE

SHERIFF HAS CALLS FOR PRISONER IN OTHER PLACES
FOR VIOLATIONS

Antonio Hernandez, 21, native of Peru, has a police record back of his crime here on Tuesday August 6 when he killed Josef Pavalak with a hammer as the aged grocery man sat in his place of business some time after the noon hour.

According to chief deputy Vaughn at the office of Sheriff Blaylock, requests have come in from various places requesting custody of the youth on various charges.

It was practically certain today that Hernandez would not be indicted before September 1 when the grand jury next convenes.

In the mean time he is held in the Milam county jail to await action of the state. Because of the brutality of the murder the public mind is speculating upon the fate of the man who says he is a native of Peru. He is not the type of Mexican in appearance known to this country and this would indicate truth of his statement that he was born of the dark races of South America.

It is not known whether the state will ask for the death penalty. Juries in Milam county have seldom rendered verdicts of death, their method of punishment being embraced in long prison terms for murderers.

Hernandez quietly waits his fate. He shows little interest in his case but when asked questions will talk to a limited extent. At first he denied the murder but later is said to have made a full confession to District Attorney Lewis.

Josef Pavalak was beaten to death with a hammer and his store robbed of \$198.15 the money having been recovered from the youth when he was arrested on the Maysfield road late in the afternoon of last Tuesday. He said he wanted to buy an automobile with the money.

Cameron Boys Accept New Positions Here

Bert Nicholson and Fred Childress, two Cameron boys, have accepted new positions here.

Mr. Nicholson, who has been Deico Light and Frigidaire service man for H. C. Keith Electric company here, has been appointed by the Delco Light company as service man for a territory including Milam, Bell and Williamson counties.

Fred Childress will be employed by the Keith Electric company as service manager for Frigidaire company. He comes here from Temple where he has been employed by Mr. Anderson, Frigidaire dealer there, in the same capacity as he will fill here.

BAPTIST ENCAMPMENT OPENS AT WAYSIDE

CLASSES FOR INSTRUCTION IN
WORK OF CHURCH WILL
ATTEND BIG CAMP

A grand total of 156 people have registered for classes at the second annual meeting of the Milam County Baptist Encampment in session this week at Wayside Inn. There are 98 people enrolled in B. Y. P. U. classes, 42 in Sunday school classes and 16 in a W. M. U. class. These do not include some 15 or 20 who have not enrolled in any particular class, but are attending as visitors. Among the teachers are H. P. Black of Bryan, Rev. Robert Dobson, pastor of the Little River Baptist church; Rev. Homer Thompson, pastor at Ben Arnold; Mrs. Wm. Fannin of Cameron; Mrs. Wilson Gunn of Cameron, Miss Bertha Breazeale of Waco; and Rev. J. Kelly Simmons, pastor at Walker's Creek and at Tracy. Mrs. Homer Thompson and Mrs. J. Kelly Simmons alternate each day in telling Bible stories to primary children.

A total of 144 people are camping on the grounds. Fourteen tents are being used and six cottages. Rosebud has the largest number of representatives on the ground, there being 35 registered from there. Among other towns in the county that are represented are Cameron, Rockdale, Burlington, Ben Arnold, Little River, Tracy, Walker's Creek, Thorndale and Marlow.

The daily program for the encampment, according to V. B. Breazeale, president is as follows:

6:00 A. M.—Swimming.
7:00—Breakfast.
8:15—B. Y. P. U. Classes.
9:50—Sunday School Classes.
11:25—Sermon.
12:15 P. M.—Lunch.
2:00—Quiet.
3:00—Athletics and swimming.
5:00—W. M. S. Classes.
6:00—Supper.
7:45—Song Service.
8:10—Announcements.
8:20—Sermon.

L. C. Gayle is conducting a class in gospel music each evening at 6:30. Miss Cornelia Gunn is pianist for the encampment.

Dr. W. H. Knight, head of the Mission Department at the Baptist Seminary at Fort Worth, is preaching twice each day and bringing good messages. There is special music for each service.

BAPTIST OF COUNTY THANK MR. LAMKIN

APPRECIATION FOR USE OF BIG
PARK AT WAYSIDE EXPRESSED BY ASSOCIATION

Thursday morning at the regular session of the encampment, the following resolutions were offered and adopted unanimously.

Whereas, Mr. W. S. Lamkin has tendered to us the use of the grounds, pavillion, bath house, water, and lights without any charge whatsoever; and whereas these accommodations have been so very acceptable and such a delightful place for our encampment,

Therefore, be it Resolved, That we, the Baptists of Milam County, and other visitors to the encampment hereby extend to Mr. Lamkin our most hearty appreciation for his great generosity.

Be it further Resolved, That we request the board of directors of the encampment, if possible, to secure these grounds for the 1930 session of the encampment.

Be it further Resolved, That a copy of these resolutions be sent to Mr. Lamkin and to each of the Milam county newspapers.

Signed:
V. B. Breazeale, Pres.
E. S. Hutcherson
Miss Jennie Shirley.

SHARP TEAM WINS FROM BELL FALLS

SERIES OF GAMES TO BE PLAYED
IN CAMERON—SHARPE
TAKES FIRST 3 TO 2

Having eliminated Rogers in the Central Texas tournament for base ball honors the strong Sharp aggregation on Tuesday afternoon took on their next series with Bell Falls, best two out of three games which were all to be played on the Cameron diamond.

Tuesday's game was a pitcher's battle between Kostick of Sharp, who allowed only five hits and Darraugh of Bell Falls who allowed seven. Speegle and Hodge of the Sharp team slammed out a two-base hit each. Kostick and Darraugh both fanned eight opponents and while Kostick gave two bases on balls Darraugh gave none which shows the excellent fine form of each.

No score was registered until the fifth inning when Buckley led off with a hit was sacrificed to second by Young and scored when Lee, shortstop for Bell Falls, made an error on Henderson's grounder scoring Buckley.

In the eighth Bell Falls scored two markers and things looked dangerous for Sharp. Three hits, an error and a fielders choice accounted for the two runs. In the ninth Bell Falls was retired in one, two, three order, thus Sharp went into their last half of the ninth with the score two to one against them. Hodge led off with a two-bagger. Alford, batting for Buckley, got to first on an error. Young then got a hit filling the bases. White batting for Neal struck out. Then came up Henderson who smacked out a terrific hit scoring Hodge and Alford thus giving the game to Sharp three to two.

After the Bell Falls-Sharp series the winner is to meet the leader, West, in the final games, first of which will be played at Cameron.

Batteries: Sharp, Kostick and Henderson; Bell Falls, Darraugh and Farrow.

Score by innings:

Sharp	000	010	002	—3
Bell Falls	000	000	020	—2

MOST DISTINGUISHED CITIZENS NOMINATED

LEGION TO VOTE ON NAMES
SUBMITTED BY ORGANIZATIONS HERE

In seeking the most distinguished citizens of Cameron the Edwin Hardy Post No. 9 of the American Legion asked the heads of all civic organizations in the city, together with the mayor and the pastors of the three largest churches in town to make nominations. These nominations have been received and are now being submitted to a vote of the membership of the Edwin Hardy Post and the result will be known soon.

The nominations were made on the basis of highest service as a citizen to this community and the nominations are as follows:

T. S. Henderson, Sr.
J. P. Love.
Miss Mollie Moore.
F. E. Jackson.
Mrs. W. O. Triggs.

Each person nominating one of the above outlined the many services they had rendered the community during the past year.

The winner when chosen will be publicly presented with a beautifully engraved certificate and his or her name will be placed with those chosen by other Posts in all the other leading Texas cities on a parchment scroll in Department Headquarters in the Capitol Building at Austin.

This is being done as a part of the state program of the Legion to promote better citizenship and to honor those in each community who are considered most distinguished and worthy citizens in promoting the welfare of their community.

E. L. Kahler Family Return From Vacation

Mr. and Mrs. E. L. Kahler and their two sons, Earnest Jr. and Clayton, returned to Cameron Wednesday from a week's vacation spent in Houston, Galveston and Eagle Lake.

While in Eagle Lake they visited Mrs. Osoba, sister of Mrs. Kahler. They enjoyed the trip and saw much of the coast country while away. Crop conditions are more favorable in Milam county this year than any place visited by them during the trip.

Cameron Boy Scouts of Troop 52 On Hike

The Boy Scout troop No. 52, accompanied by Scoutmaster Joe Lindle and Assistant Scoutmaster Pete Mikula, went for an all-day outing Sunday at Sugar Loaf Mountain near Gause. The party was composed of Scouts Ted Matula, Ernest, Paul and Rudolph Michalka, Frankie Ermis, Roy Wohleb and Anton, August, Willie and Albert Moraw.

This troop is one of Cameron's most active and deserves credit for much advancement made in their troop. They left early Sunday morning for their outing, cooked their own dinner went on an exploration hike, practiced signaling and enjoyed a late swim in the river.

COTTON YIELD IN MILAM MAY BE SHORT OF 1928

GINS RUNNING AND STAPLE IS
BEING MARKETED DAILY
IN CITY

Thursday morning approximately 150 bales had been weighed at the Cameron Compress from the new 1929 crop of cotton.

All of this cotton was ginned and marketed in Cameron and the season is ahead of the figures for this period last year.

The Herald called a number of cotton men and others in close touch with the crop for an estimate on the 1929 crop but on account of the late acreage over the county due to the June rains no estimate is available for the crop in this county.

Indications are, however, that the yield this year will be short of 1928 crop and may be far below the yield last year. Insect damage has been heavy in some sections and the late cotton is needing rain. The old cotton escaping the insect damage has made an average crop it is said and while the young-crop in the bottom lands replanted following the flood is in good condition its yield is yet uncertain.

It is practically certain that the yield this year will be short of the 1928 crop.

All the cotton gins in Cameron are keeping up steam and are ready to handle the crop. Cameron buyers are paying top market prices and the sample is excellent and the farmers are receiving the maximum price for their cotton.

Sharp Takes Second From Bell Falls

After their defeat on Tuesday the Bell Falls team returned to Cameron on Wednesday for the second game with Sharp which was won in a handy manner by Sharp eight to five. West plays Sharp at Cameron on Friday then the battle is renewed at West Sunday and if a third game is necessary it is to be played at Waco on Monday.

Batteries in Wednesday's game: Sharp, Edger and Henderson; Bell Falls, Morgan, Ingram and Bateman.

Score by innings:

Sharp	220	004	000	—8
Bell Falls	002	021	000	—5

FRED MATTHEWS TO FACE TRIAL MONDAY

CHARGED WITH KILLING OF JOE
HOSCH YOUNG FARMER TO
STAND TRIAL

Fred Matthews, charged by indictment with the killing of Joe Hosch in Cameron on July 6, will face trial in the District Court here Monday August 12, the case having been called for that date with a special venire of men from which to select a jury.

The case will be tried before Judge John Watson's court and District Attorney, Jack Lewis will be assisted in the prosecution by Chambers and Gillis. The defendant will be represented by E. A. Wallace of Cameron and E. A. Camp of Rockdale.

Matthews first denied bail was later released after waiving examining trial on a bond of \$11,000.

Joe Hosch was shot to death near the Matocha Hardware store in Santa Fe town on Saturday, July 6 about six o'clock in the evening. At the time of the shooting Matthews is said to have driven to that section of the city and fired at Hosch across an auto truck parked near the store. Hosch ran from the scene and fell mortally wounded at the rear of the Torno and Price market. One bullet entered the left breast and another broke the left arm.

Matthews after the shooting drove to the office of Sheriff Blaylock and surrendered to Deputy Vaughn. He surrendered a pistol and said: "I have killed a man."

So far Matthews has made no statement other than to his attorneys. Some weeks previous to the killing Hosch is said to have shot Matthews with a shot gun and the latter was treated at the Cameron Hospital.

DRILLING IS RESUMED ON DEEP TEST WELL

WILLIAMS NO. 1 ON SCHEGUT
TRACT GOING DOWN TO
EDWARDS LIME

Drilling has been resumed on the Elbert Williams No. 1 on the Tom Schegut tract three miles east of Cameron across Little River. When the Austin chalk was cored in this well drilling was stopped for a while but will now continue until the contracted depth has been reached.

Considerable interest has been aroused in this well. Big companies and other investors have acquired acreage and royalties as a result.

The Austin chalk was cored at 2484 feet. The chalk was found some 300 feet higher than was normally expected to be found.

The showing of this well indicates a well defined structure according to oil men here and great interest is being shown in the well and trading in royalties has shown a sharp increase.

The McMahon Royalties Company of San Antonio have recently dealt in properties involving leases and royalties amounting to several hundred thousand dollars. The company is well financed and its resources are behind this well.

The block originally contained 3000 acres and the well is to be drilled to the Edwards lime which according to the operators will be found at a correspondingly higher level as indicated by the depth of the Austin chalk. The core was analyzed in Fort Worth and a report received here pronounced the chalk.

Some of the major companies have taken protective acreage as well as independent operators in the vicinity of this well.

Mexican Shot In Hip Dies At Rockdale; 2 Held In Shooting

Pilar Aguirre, a Mexican residing near Rockdale, who was shot in the hip Sunday night, died late Monday evening.

Two Mexicans, Antonio and Monica Linarez, are in the county jail, awaiting court action, and charged with murder.

Mrs. L. D. Hill, mother of Mrs. Will Vaughn, has been critically ill at the home of her daughter here for several days. Thursday her condition was reported unchanged and little hope was held for her recovery. Mrs. Hill is a native of Virginia and a pioneer resident of Texas. She is the mother of 18 children and one of the pioneers who came to Texas in the early days of the state. The many friends of the family wish for her recovery.

MRS. ABBIE REESE, 69 BURIED IN CAMERON

WIFE OF LATE DR. J. C. REESE
DIES IN HOSPITAL HERE
AUGUST 1 1929.

Funeral services for Mrs. Abbie Reese, age 69, wife of the late Dr. J. C. Reese, a pioneer citizen of Cameron, were held Saturday afternoon at four o'clock at the Methodist church. Rev. R. S. Marshall of Bryan, former pastor of Mrs. Reese who also officiated at the funeral of her husband, was assisted in the service by Rev. P. T. Ramsey of the First Methodist church here.

With Mrs. J. L. Clinton at the organ, music was furnished by a choir of voices from the Methodist church. Special music consisted of a male quartette, "Somewhere," by Messrs. W. A. Bonds, Dan Tyson, Bush Stafford and Andrew Freeman.

Pall bearers were Bush Stafford, Dan Tyson, Walter Sharpe, B. F. Bonds, E. O. Schiller and Johnnie Bryan. Honorary pall bearers were Judge Jeff Kemp, O. L. Kidd, Robert Todd, W. H. Triggs, J. H. DuBois, Graham Gillis, Judge John Watson, R. B. Rylander, S. W. Cheeves, Arthur Baskin, W. A. Bonds and C. W. Lawrence.

Rev. Ramsey read the Methodist service for the burying of the dead and then offered a prayer. Rev. Marshall, as a former pastor, was chosen to speak the life of the deceased and to comfort sorrowing relatives. He spoke of having known both Dr. and Mrs. Reese and of their having been active in church work in their younger days. Both of them were choir members. He declared that the final test of Christian faith is Christian life, and cited the fact that although Dr. and Mrs. Reese had no children of their own, they always had young people in their home. They reared from childhood their niece, Mrs. Jessie Lee Harvey, who died a few years ago, and at her death Mrs. Reese took her children, Abbie Reese and Lee Batte, and kept them until about six weeks ago, when they went to Nashville, Tenn., to live with their father. Rev. Marshall said that her life had been spent in love, devotion and care for others.

Mrs. Reese died at eleven o'clock in the evening, August 1, at the Cameron Hospital. Some few months ago she underwent an operation, from which she fully recovered, but a second one in so short a time and at her advanced age proved fatal. She was born in Arkansas on December 11, 1860, and moved to Milam County at an early age. She was married to Dr. Reese on March 20, 1881, and her husband died on September 11, 1925. She is survived by a sister, Mrs. Jessie Winn of Nacogdoches; a brother, W. W. Womack of Woodward, Okla.; and a number of nieces and nephews.

Negro Farmers Win First Places For Prairie View Tests

The negro farmers of Milam county under the supervision of county agent, J. H. Williams, and assisted by O. J. Thomas, principal of the high school and vocational teacher, made a wonderful showing at their short course, which was held at Prairie View College July 29th and 31st.

Two thousand people attended the meeting and of this number 84 were from Milam county. This was the second largest delegation there. Thirty club boys and girls were entered in the ten contests held, making one of the most outstanding showings that any county has ever made in the history of this meeting.

The junior group from this county,

in the judging contest, won seven out of the ten first places, two second places and five third places as follows: Holstein cattle, Nathaniel Burks first; Greta Nealy (girl) third. Judging hogs, Elwood Kelly, first. Judging White Leghorns, Julius Whiteside first; A. J. Mowing second. Bridger Neely, third. Judging Barred Rocks, A. J. Mowing, first; Bridger Neely, third. Seed identification, Nathaniel Burks, first; Julius Whiteside, second; Greta Nealy (girl) third. Judging corn, Elwood Kelly, third; Nathaniel Burks, first. Terracing (team) Aubrey Sparks and Bridger Neely, first. Nathaniel Burks, Cameron, was high point boy in the contests.

Forty-one counties of Texas were represented and about 350 boys and girls were entered in these contests, with Milam County winning half the prizes.

Two of the outstanding incidents of the meeting were the election of Aubrey Sparks, a Davilla boy, as Vice President of the Boy's State Club and J. H. Williams Milam County Agent, as State Club Leader.

ESSEX WINS COVETED FRENCH TROPHIES

The Ansaldo Trophy, most coveted prize in the annual reliability tour organized by the Motor Club of France, was won this year by an Essex—the Challenger, against the largest field of competitors even entered. This field included many of the most expensive cars built.

The tour consisted of nine days run of approximately 310 miles each with intermediate days in the various French provinces devoted to speed contests, hill climbs, starts with cold motors, brake tests and other events designed to bring out the real qual-

ities of the cars. Other trophies won by Essex in France are the Lyonnais Cup, the Pyrenees Cup, the Atlantic Cup, the Cup of Brittany and the Cup of the North.

This trophy is one of the many won by Essex—the Challenger this year. Recently an Essex established a new endurance record in South Africa. Among the many records set by Essex in the United States were the runs made, with sealed motors, from San Francisco to the Mexican border and back, a new six day reliability and speed record set at Lake Muroc, and the winning of the climb to the summit of Mt. Diablo.

METHODIST SOCIETY

The ladies of the Methodist church met Monday afternoon at four o'clock at the church for a business meeting with the president, Mrs. R. H. Davis, in charge. The devotional was led by Miss Mollie Moore. All officers present gave their reports.

The Society will meet at the church next Monday afternoon for Bible study.

Mrs. Ben Baskin Is Hostess At Bridge

Using a color scheme of pink and green, Mrs. Ben Baskin entertained with bridge last Thursday morning, naming as honor guest Mrs. Frank Wendt of Lamesa.

Table covers were fashioned of green paper covered with pink tартan and score cards were also in these shades. Mrs. John C. Young was winner of high score award and Mrs. Wendt was low. The hostess also presented Mrs. Wendt with a guest remembrance.

Iced lemonade was served during the games and at the conclusion the hostess assisted by Mrs. Dutch Baskin and Mrs. W. R. Hoover, served a salad course. It was made more colorful by dainty fringed napkins of pink tартan, which matched the covers. Table favors were green holders filled with Queen's Crown and these were won by Mesdames Frank Wendt, J. M. Bowman, W. A. Bonds and Frank Plaster. Plate favors were tiny sweetheart roses.

FOOT-LOOSE AMBITION

There is no credit in ambition that has no better destination than to get on or get honor in the world. The obvious rewards of success are sufficient to account for such vague stirrings of good intention, and these are as common as humanity. But a genuine ambition is fortified with some definite purpose. It is not alone concerned to be on its way, but it also knows where it is going.

Ambition that has its wagon hitched to a specific star can chart its course, count its gains and losses and need waste little time. Foot-loose ambition can wander the world over and be back at last where it started. Genuine ambition finds happiness as its neighbor, since it guides a man in the path of plain work and constantly measures his capacity and courage against a scale of perceptible progress. Undisciplined ambition keeps company with discontent, since its hunger is never satisfied with the daily bread of small accomplishment.

Sound ambition may miss its mark but will not fail of its reward. But the mere shapeless desire for more and better possessions, easier living and unearned honor is liable to remain forever unsatisfied. At bottom it is usually no more than bottomed rebellion against the success of others.

HIDDEN TREASURE

So long as there is work to be done and the will and strength to do it, men must be choosing what master they will serve. They may prefer to pay allegiance to the past, where old standards, old beliefs, old ideas ask their loyalty and service, or they may heed the lure of the future, where all that is new and strange and changed lies waiting.

Men are of these two sorts: Those who look backward for security and assurance and those who will gladly give yesterday to oblivion and trust their fate and fortune to tomorrow.

Men are grown old when tomorrow loses its lure and the past begins to draw them back from dreams and desires for the unknown future. Yet he who wishes to hold on to youth need never lose it altogether, since any day that is still to come may prove richer and more fruitful than a year that is gone.

Hidden treasure lies beyond the horizon of every new day. All that a man has done and known and experienced is but a little compared to what awaits him in the treasure-chest of Time. He who keeps his courage will not be content with past rewards while the future is so rich in promise and possibility.

IN DEBT FOR A CAR

A business writer says that retail merchants have been deterred from stocking up as usual by their knowledge of the obligations that many of their best customers have assumed in order to buy the automobiles that they use.

Buying cars on time has been encouraged so much that it has become a general practice. And once in possession of a car, the average owner will deprive himself of almost anything else rather than give up his car.

It is a curious situation. Here is one great reason why the automobile industry has made so fine a record in recent years—its lavish extension of credit. An obvious recourse of the makers and sellers of other forms of merchandise is to give more credit themselves. But that is a very dubious solution.

DRESSING TO PLEASE

A few days ago much space was given in the news to the claim that styles and cuts in feminine raiment are largely controlled by men. Now it appears that, to a large extent, women select and buy men's attire for store trade. That makes it about 50-50—and why not an admirable arrangement?

As a rule, the object of fastidious feminine dressers is at least to pass muster with the male element in reviewing stations, and with the masculine peacocks it is the feminine observer whose praise is sought. The matter standing thus, it is a logical

arrangement for women to wear the clothes that men have designed and for men to deck themselves in raiment that women have selected.

AUGUST

August brings a touch of fall. The sun is perceptibly on its way south. Earlier it takes its candles through the woods and goes to bed. Evening may bring a suggestion of chill and a thought of a log fire. The changing season is depicted in the wild growth in the fields and woods, and there'll soon be wild grapes to gather. The silk of the sweet corn is brown. Thickets are growing yellow. Soon a dried leaf will come tumbling out of the tree top. The old wheel is on another turn.

THE NEW ENGINEER

Cameron Herald: A woman sent the society editor an announcement of her daughter's engagement. An hour later the daughter called up in evident agitation to ask if it were too late to correct one of the details. Mother made a dreadful mistake and I can't understand how it happened. She said father is a plumber. 'And isn't your father a plumber?' patiently inquired the editor. 'Certainly not! My father is a domestic engineer.'

The young lady was right. A plumber is a domestic engineer. Every

line of activity which requires technical skill for its practitioners affords problems in engineering. The barber is a hirsutical engineer, the veterinarian an equine, bovine and canine engineer. The dentist is an oral engineer, the lawyer a jurisprudential engineer. Even State Press classes up with other engineers, in that he engineers a typewriter. Certainly, then, the bride whose papa was a plumber had an unassailable right to designate him as a domestic engineer. He practices engineering in the domiciles of the people, and that makes him a domestic as distinguished from a foreign engineer. Yet it is doubtful if the young lady was wise in wishing to have her father known as an engineer. Plumbers are paid big money for plumbing, whereas engineers are as a class less prosperous. A plumber can track up a clean floor, smudge up a porcelain bath tub, knock chunks out of a plastered wall, even break holes in the side of a house, and be excused on account of being a plumber. People have been taught to expect a good deal of destruction from a plumber, but if all the plumbers become domestic engineers they will have to leave the customer's home in as good condition as they find it. This may help the customer but it will break the spirit of the old-fashioned plumbers.—State Press, Dallas News.

The growing interest in farm relief legislation and the subsidy of \$500,000,000 amounts to an admission that the tariff does not help the farmer. Schedules for the benefit of the industries have reached a point where foreign producers can not sell their peculiar products to this country. As a consequence they have no money to buy our foodstuffs and are not consumers of our farmers' products. The result to the farmer is that as soon as the local needs are supplied the surplus can not be sold. Foreign consumers who need it have not the money with which to buy it. The policy of the high protectionists and of industries has been that we sell, sell, sell and never reciprocate by buying. The time has come when the tariff business has become too heavy. Conditions can no longer be improved to industry or the farmer either by increasing tariff. An evidence of this is the votig of \$500,000,000 subsidy for the farmers. We feel that as long as exclusion is protected to the extent of exclusion of those who would enter on reciprocal trade relations with us that it is fair that the farmer should be aided in a similar manner

with tariffs and subsidies, but it looks like patching the roof when it is the foundation of things that needs attention.

Bankers have figured it out that the nation spent \$75,000,000 celebrating the Fourth. The matter is important only in that it shows what the country will do for amusement. This amount would build a hard surfaced road entirely across the country. It would build three hard surfaced roads across Kansas north and south and three hard surfaced roads east and west. After all, the fret about spending money for good roads is all hokum. The way to build a good road system is just to think of it as a big celebration and go to it. Three days afterward no one would miss the money the roads cost.

Alas! You couldn't enjoy the days of your youth without the daze of your youth.

The good old slogan, 'Children first' would avert many a wreck on the sea of matrimony.

He is at last middle-aged if he is beginning to think brighter colors are becoming to him.

Wars will also end when students howly their admiration for the little chap who got 100 in math.

Poor Germany! Think of punishing a nation by not permitting her to impoverish herself to build a navy.

All birds are becoming more expensive, according to a celebrated chef. This is especially true of the stork.

GOLDS, INDIGESTION

Tennessee Lady Tells About The Long Use of Thedford's Black-Draught In Her Family.

Rutledge, Tenn.—"For thirty years or longer we have been using Black-Draught in our home as a family medicine, and have found it to be very handy," says Mrs. John McGinnis, of near here.

"Since I have been married and had children of my own, I have found it to be a fine medicine to give them for colds and indigestion. I have three little girls, and when I see one of them fretful and 'droopy' in the morning, I begin treating her with a course of Black-Draught. It is not long until she is lively and well again. I make a tea of it and give it to the children, as they take it best that way.

"I take Black-Draught for constipation and indigestion. If I wake up with a bad taste in my mouth and feel sluggish and dull, I know it is time for a dose of Black-Draught.

"We try to keep a box of Black-Draught always in the house and are seldom without it. My health is generally good, but I think it is a good thing to keep a mild, dependable remedy on hand for spells of constipation."

In use nearly a hundred years. Twenty-five doses 25¢. NC-205

To the Sheriff or any Constable of Milam County, Greeting:

You are hereby commanded to summon the unknown heirs of A. J. Buffington by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to be and appear before the Honorable District Court of Milam County, Texas, at the next regular term thereof, to be holden at the Court House in Cameron on first Monday in September 1929 same being the second day of September 1929, then and there to answer the Plaintiff's Petition, filed in said court on the 16th day of July 1929, wherein the State of Texas is plaintiff and the unknown heirs of A. J. Buffington are defendants. File Number of said suit being 1018.

The nature of the Plaintiff's demand as set out in said petition being an action to recover of the defendant the sum of \$89.41 as delinquent taxes due plaintiff for the years 1910, 22, 23, 24, 25 and 26 including interest, penalties and costs, that have accrued thereon, said taxes, interest, penal-

ties and costs being due upon the following described property, situated in the County of Milam and State of Texas and within the metes and bounds and territorial limits of said (1) to-wit:

Two tracts of land out of the James Dunn survey. First tract being 40 acres of land and being land conveyed to A. J. Buffington by deed dated October 6, 1908 and recorded in Book 105, page 395 Deed Records of Milam County, Texas and the other tract being 10 acres out of the 70 acre tract conveyed to A. J. Buffington by J. J. Hairston.

And plaintiff further prays for the foreclosure of its liens against said property, to satisfy said taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit, and for general and special relief, all of which will more fully appear in plaintiff's original petition now in file in this office.

Herein fail not, and have you then and there before said Court, on the this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Cameron in the County of Milam, this 16th day of July A. D., 1929.

Texas and Texans

By Will H. Mayes

Prosperity Pointers

Nothing gives a better idea of the financial condition of a country than the reports of its transportation companies. The Texas railroads had a net operating income of \$12,520,271 during the five months ending May 31 according to reports made to the Texas Railroad Commission, an increase of \$1,954,899 or 18.5 per cent.

All operating revenue, except passenger receipts, showed increases. This included freight, mail, express and other revenue. The decrease in passenger traffic was due to bus competition which has become strong in every section of the State. The trucks are doing an immense business also, but as it is largely in short hauls the effect of truck competition is not so severe.

The alarm once felt about bus and truck competition appears to have subsided. There seems to be room for all to prosper in Texas. The railways have had more business than they could handle since the movement of wheat began.

Bus Travel Increases

Bus officials report a healthy and gratifying increase in passenger transportation in Texas. In San Antonio alone the number of passengers handled at the Union Bus Station increased almost 100,000 in May, June and July over the corresponding months of last year. The increase throughout the state was probably as great proportionately.

Better roads, better busses, better schedules and better service are bringing better bus service. Business is generally helped by better transportation facilities—that is the business that is enough wide-awake to take advantage of the changing conditions. The other kind of business is fast going to the bad. Business concerns have to keep up with the times or close. This is growing more evident all the time.

Railroads Fighting For Extensions

Railroads are not anxious to extend their lines into sections that are not prospering or giving strong evidence of early prosperity. Practically every railroad operating in Northwest Texas is seeking permission from the Interstate Commerce to extend its lines and its operations. Most of the applications for extensions are being contested by competing lines and in some cases the contests wax warm.

It begins to look like the connecting links will be built in the proposed line from Corpus Christi through San Antonio, Fredericksburg, Mason and Brady to San Antonio—at least with in the next year or two. The Orient line, now a Santa Fe subsidiary, is going into and across Mexico. In other parts of Texas, railroads are seeking new territory. Their business is good and the prospects are pleasing.

Busses Also Seek Permits

Sixteen applications have been filed for hearing before the bus division of the Texas Railroad Commission at its meeting the first week in August for permits to operate new passenger bus lines. Practically all of these are in East Texas. There are now in excess of 700 bus stations in Texas and the number is constantly increasing. Bus lines are seldom discontinued in the State for lack of business.

despite the fact that there is an average of one auto for each family.

Airplanes Lower Rates

While airplane passenger and express service is increasing in Texas the high passenger rates have kept many from using this modern method of transportation. Many planes make trips across the State without a passenger and it is seldom that the passenger facilities are overtaxed. The passenger rate has now been reduced from 12 cents to 10 cents a mile, with one and a half round trip excursion rate for some special occasions. There is an intimation of still further reductions. The airplane will have to be able to make a fare of not exceeding twice the railroad or bus fare to bring airplane travel within the reach of the public.

Not Enough Airports

There are not yet enough airports in Texas to make air travel popular or general. Facilities are as necessary for lighting as for flying. Abilene is among the latest of the cities to open a modern airport, after it was found that many airplanes passed it up to land at Midland.

Airport factories are increasing. The Alamo Aircraft Corporation is constructing a large factory at San Antonio. The first factory, established at Temple, has moved to Dallas to be better able to increase its output. Privately owned airplanes are becoming common. But they can't land in towns that do not provide proper landing places.

What a Grain Crop

With early estimates placed at around 35,000,000 to 37,000,000 bushels of wheat in the Panhandle, the railroads are finding that they will have to provide enough cars to handle 45,000,000 bushels. Three railroads have handled 24,000 cars of grain or something more than 75 per cent of the crop, and are fast rushing the rest of the crop to destination points. Large piles of wheat have been placed on the ground at almost every Panhandle station awaiting cars for shipment.

Sheep and Goat Interest

The largest crowds that have ever attended such a meeting were at a gathering of the Texas Sheep and Goat Raisers at Del Rio. Nearly 3000 of the finest registered sheep and goats were there, pronounced to be the 'greatest collection of sheep and goats of the highest standard of quality ever offered to breeders of the nation at any convention in the history of the industry.' Buyers were there from California, Utah, New Mexico, Arizona, Kansas, Oregon, Kentucky and other states. And they bought at prices that a few years ago would have staggered the old-time sheep and goat growers. Admittedly, Texas has the best climate and the best pasturage in the world, not even excepting the best parts of Australia, for growing sheep and goats.

Mediterranean Fly Fight

Both the National and the State departments of agriculture are using the utmost vigilance to keep the Mediterranean fly, which has proved so ruinous to the Florida citrus crop, out of Texas. So far the fight has been effective, but occasionally Florida citrus fruits get into the state, being brought usually by passengers coming by rail or water from Florida points. The most dangerous carrier is grapefruit. Why any one who has ever eaten Texas grapefruit would want the Florida product is hard to see, unless he has a taste for bitter

rather than sweet fruits.

The Mediterranean fly is said to thrive in every kind of fruit grown in Texas except pineapples and water melons, and it even extends its ravages to most of the vegetables. Every Texan owes the duty to his state to assist in keeping the pest out of Texas.

Gasoline Tax Law Tape

The gasoline tax law passed by the last legislature is a mess. It is so complicated that the Attorney General's Department and the Comptroller's Department are both sending representatives over the state to try to explain it. They may make it clear to the lawyers, but the average gasoline buyer who is entitled to the 4 cent tax exemption will hesitate before paying notary fees and \$1.00 filing fee and trying to untangle the red tape necessary to get his money back.

LAWN PARTY

Honoring their sister, Miss Adelaide Bickett, who will leave soon to enter training in Scott and White Hospital, Misses Martha Ann and Winifred Bickett entertained with a lawn party on Friday night.

Games and strolls were enjoyed on the lawn. Music was furnished by the radio. Punch was served by Misses Winifred Bickett and Gladys Kinard.

At a late hour the hostess served ice cold watermelon to their guests. Misses Martha Ann and Winifred were assisted in entertaining by their mother and aunt, Mrs. Winifred Wittliff of Dallas who is visiting in the home of her sister, Mrs. A. W. Bickett.

MISSIONARY SOCIETY

The Missionary Society of the Christian church met Monday afternoon at the home of Mrs. E. B. Lovick. There was an excellent attendance. The program was led by Mrs. Martin Kilian, Mrs. Guy Slocomb and Raymond Beard, assisted by Mrs. Mrs. Ray Burke.

The hostess served punch, sandwiches and cake.

Mr. and Mrs. W. I. Clark has as their guests last week Mr. and Mrs. Charles Shannon of La Feria. Mrs. Shannon, who is Mrs. Clark's niece was Miss Kate Maples before her marriage.

The Essex Car

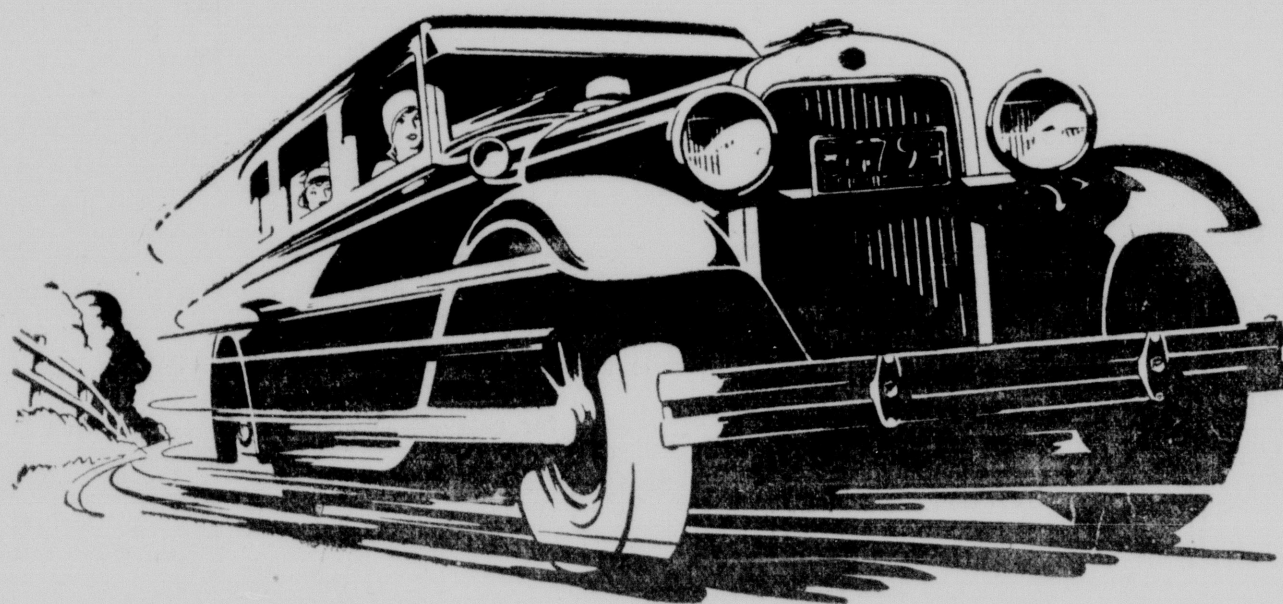

Is only one of the many desirable things we have in stock. It is the best of its kind, of course in our opinion. Equally as good in its way is the spirit of courtesy we put behind it, the maintenance system we provide for all its owners, the personal interest we take in each and every one of them, the conscientious effort we make to do things right and earn our customers friendship.

The Essex car is a great machine and deserves that kind of backing. But the credit for that goes to the Essex factory. We could not build it here if we wanted to but we can build a business atmosphere to match it in quality, and we work days and nights to accomplish that purpose.

The Essex owner is the judge of our success. Ask him about the spirit of our business.

ESSEX THE CHALLENGER

the *reliability* Car of the year!

"Reliability" is dominantly associated with all that Essex the Challenger stands for. The experience of more than 200,000 owners, with the lowest record of service cost and requirements, has established it outstandingly as "the Reliability Car of the Year."

The winning of the Tour de France reliability classic, in which two Essex Challengers were the only cars to make perfect scores, in a field of high-priced American and European entries, is but dramatic evidence of the

kind of reliability every Essex owner knows.

Essex records are country-wide. No matter where you live, you will probably find the outstanding reliability event of your locality is held by Essex the Challenger.

Miller Tires Keep The Car Running Says C. N. Green

In these days where there's a party somewhere every day, the average man aims to keep his car running as a fire-engine. No time for break-downs today. Old Dobbin in his day could loaf around between meeting-time and next week, but the family car has to keep on the go. Especially when the wife drives it.

"That's why men expect lots more from their tires now than ever before," said C. N. Green of the Green Brothers Store.

"Never before has a tire been created combining all of the virtues that make it good enough to satisfy the average man until the Miller Rubber Company set out to make a perfect tire at a moderate price. The famous Geared-to-the-Road anti-skid tread design was redesigned, cut deeper, made thicker, and additional rubber used in it, so that it fairly geared itself to the road on each revolution. Inside, this tire carries vastly more strength than any previous tire in its field.

"We aren't making our claims on the basis of specially built tires but on 'Stock Models'—the same tires we sell out of our own store. The tires we tested were exactly the same as any New Miller in our stockroom and they were tested against the present up to date stock tires of 13 leading competitors. The results showed us that Miller's New Geared-to-the-Road tire far outwears any tire in its price class."

To make this statement mean something to the average man, the Miller Rubber Company guarantees every tire of this style to outwear any competitive tire of the same price class when run under the same conditions.

Miller dealers are now displaying this new tire and giving details of the new guarantee. This, it is stated is the broadest and fairest guarantee ever instituted in a keenly active and highly competitive field.

BAPTIST W. M. S.

Members of the W. M. S. of the Baptist church met at the church Monday afternoon for a business session with the president, Miss Clara Thomas, in charge. The devotional reading was from Psalm 34.

Following the reading of the minutes of the last meeting, the treasurer's report was heard and then the report from the personal service chairman. The following assignments for personal service were made the various circles: Eunice Taylor Glass, hospital and shut-ins; Lillie Mae Hundley, sick; Lottie Moon, new members. A committee to nominate officers for the next year was appointed. This committee consists of the chairmen of the three circles. Mesdames Conn Miller, Martha Shepherd and F. J. Beckerman and Mrs. George Mangum. Lillie Mae Hundley circle is to have charge of decorating the church for the next month.

Attendance from the circles was as follows: Eunice Taylor Glass, 6; Lillie Mae Hundley, 6; Lottie Moon 11.

The ladies will meet in circles next Monday for Bible study: Eunice Taylor Glass with Mrs. John Dobbins; Lillie Mae Hundley with Mrs. Geo. Mangum and Lottie Moon at the City Park.

MELON FEAST

The Young Men's Bible Class of the Methodist Sunday School entertained Thursday evening with a watermelon feast on the church lawn, to which they invited the entire Sunday School.

Colored lights were strung about the lawn and the iced melons were served from long tables.

SWIMMING PARTY

Mrs. H. N. Tate entertained her Sunday School class, made up of girls from the Intermediate Department of the Methodist Sunday School, Monday afternoon with a swim at the City Park Natorium from five until seven o'clock.

Following the swim they enjoyed a picnic lunch in the park.

MAYSFIELD

Emer Floyd who has been visiting in West Texas has returned to his home.

The two Misses Freeman of Cameron visited Miss Harriett Atkinson this week.

The Maysfield revival closed Sunday morning. There were seven who joined the church. They were: Misses Mary Emma Thweatt, Ada Lee Masengale, Bertha and Jo Baylor, Leola and Bertha Floyd and Jim Thweatt.

J. H. Ireland who has been in Marlin for treatment has returned home and is better.

Mrs. Baylor was in town Saturday.

Miss Bee Ray of Rogers is visiting her aunt and uncle, Mr. and Mrs. T. Floyd.

Miss Leath of Cameron has been visiting Miss Ruby Phipps.

Mrs. Gill Newton and son, Billie are visiting Mr. Everett Newton of Arkansas.

Mr. and Mrs. Edgar Newton, Mrs. Forrest Smith and son of Palestine are visiting Mrs. E. J. Newton.

THE STATE OF TEXAS

To the sheriff or any constable of Milam county, Greeting:

You are hereby commanded to summon the unknown heirs of C. Saddler, deceased by making publication of this citation once in each week for four successive weeks previous to return day hereof, in some newspaper published in your county, to be and appear before the Honorable district court of Milam county, Texas, at the next regular term thereof, to be held at the court house in Cameron on first Monday in September, 1929, same being the 2nd day of September.

1929 they and there to answer the plaintiff's petition, filed in said court on the 27th day of July 1929, wherein the State of Texas is plaintiff and Mattie Saddler Clayton, Jerry Clayton and the unknown heirs of C. Saddler, deceased are defendants. File number of said suit being No. 1019.

The nature of the plaintiff's demand as set out in said petition being an action to recover of the defendants the sum of \$223.36 dollars as delinquent taxes due plaintiff for the years 1917, 1919, 1924, 1925, 1926 and 1927 including interest, penalties and costs, that have accrued thereon, said taxes, interest, penalties and costs being due upon the following described property, situated in the county of Milam and state of Texas and within the metes and bounds and territorial 8 acres of land out of the A. G. Perry League and being the same land conveyed C. G. Cobb to C. Saddler by deed dated Nov. 29th, 1883, recorded in Vol. 21 page 451 of the deed records of Milam county, Texas.

And plaintiff further prays for the foreclosure of its liens against said property, to satisfy said taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit and for general and special relief, all of which will more fully appear in plaintiff's original petition now in file in this office.

Herein fail not, and have you then and there before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at my office in Cameron, in the county of Milam, this 27th day of July, A. D. 1929.

Essex the Challenger Wins Coveted Trophy

ESSEX WINS COVETED FRENCH TROPHIES

The Ansaldo Trophy, most coveted prize in the annual reliability tour organized by the Motor Club of France, was won this year by an Essex—the Challenger, against the largest field of competitors ever entered. This field included many of the most expensive cars built.

The tour consisted of nine days run

of approximately 310 miles each with intermediate days in the various French provinces devoted to speed contests, hill climbs, starts with cold motors, brake tests and other events designed to bring out the real qualities of the cars. Other trophies won by Essex in France are the Lyonnais Cup, the Pyrenees Cup, the Atlantic Cup, the Cup of Brittany and the Cup of the North.

This trophy is one of the many won

by Essex—the Challenger this year. Recently an Essex established a new endurance record in South Africa. Among the many records set by Essex in the United States were the runs made, with sealed motors, from San Francisco to the Mexican border and back, a new six day reliability and speed record set at Lake Muroc, and the winning of the climb to the summit of Mt. Diablo.

an outing at the river, the trip there and back being in the nature of an old fashioned hay ride on a truck.

Swimming was the chief diversion of the evening, after which ice cold lemonade and sandwiches were served and marshmallows were roasted over a fire.

Those enjoying the delightful occasion were Veralice Chartrand, Mildred Moore, Maidie Watson, Jane Tyson, Henriem Hefley, Beulah Collier, Rebecca Perry of San Antonio, Caroline Porter of Jackson, Tenn., Helen Swift, Betty McCollum of Houston, Make McDermott, Mutt Slocumb, Howard Terry, Stanley Hughes, John Watson, Julian Freeman, Snookie Wallace, Carol Green. Chaperones were Mr. and Mrs. Walters and Mrs. Vera Chartrand of Houston.

If this community thinks it can, it can

There's no thrill in easy sailing
When the skies are clear and blue.
There's small joy in merely doing
Things which anyone can do.
But there is some satisfaction
That is mighty sweet to take
When you reach a destination
That you thought you'd never make.

How true of the individual. But the same thing is true of a community, a town. There's little satisfaction in a community when it is content to plod along in the same old groove, the same old rut with no prospects ahead for improvement tomorrow or next year.

When this attitude settles down on a community, it hampers progress. The community gets the idea that there is no use to attempt to do anything. It kills initiative and stifles progress.

The thing for the individual to do is to think he can. The thing for the community to do is to think it can and to work with faith and belief.

It is the open sesame to community progress and community development.

"I ached all over," she explains, "and my back and sides hurt most of the time."

"I dragged around, and did not see a day of good health."

"I went to call on one of my neighbors, and she remarked about my looking so bad. She told me to get a bottle of Cardui and take it. Next Saturday night, my husband brought it home to me."

"Before I had taken Cardui a week, I was feeling much better. I continued taking it for awhile, as my health kept on improving."

"I gained in weight, and soon was feeling like a new person. Since then I have taken Cardui several times, and it has always done me good. I can recommend it to others."

SHARP ELIMINATES ROGERS IN RACE

TRIBUNE CUP RACE TEAMS TO PLAY HARD GAMES HERE AT LAWLESS GREEN PARK

By forfeiting Monday afternoon game nine to nothing at the Lawless Green field Rogers was eliminated by Sharp in the Central Texas race being sponsored by Jinx Tucker of the Waco Times Herald.

Friday afternoon Sharp won by a twelve to three score behind the steady pitching of Edger and there was no doubt as to the outcome after Sharp scored four runs in the third inning. Hammond who started for Rogers was replaced by Sumrell in the third.

Batteries: Sharp, Edger and Henderson; Rogers: Hammond, Sumrell and Farrow, Reeves.

Score by innings:
Sharp 104 220 021—12
Rogers 000 200 010—3

Sunday afternoon game proved to be a much better brand of ball, and Rogers finally won out in the ninth five to three. As in Fridays game several changes were made in the line-ups in their efforts to win.

Batteries: Sharp, Glenn and Henderson; Rogers: Cros and Reeves, Hammond.

With a game each, Monday was to be the rubber game as to who remained in the cup race and each team was keyed up to the nth degree to win the deciding game. The score by innings tells but little of the story, but they battled into the eleventh inning with four scores each. Lewis, third man up for Sharp was hit by a pitched ball and was attempting to stretch Speegle's hit, who followed and here came the interference on the part of Harris, playing third for Rogers. Blackburn, umpiring bases, waived Lewis in with the play. Jones became so angered he threw the ball over the grandstand and Speegle scored from first.

After much wrangling on the field the umpires, McElroy and Blackburn, awarded the game to Sharp nine to nothing. With these victories over Rogers Sharp is scheduled for the best two out of three games with Bell Falls.

Batteries: Sharp, Humphries and Henderson; Rogers: Jones and Grimmond.

Score by innings:
Sharp 000 201 000 12—6
Rogers 000 010 101 1x—4

Birthday Party For Little Walter Sharpe

In celebration of his fourth birthday, which occurred August 6, Walter, son of Mr. and Mrs. Raymond Sharpe, invited about 30 of his little friends to enjoy games at his home in the afternoon.

The birthday cake, which was white with pink candles, was cut on the lawn. Mary Ann Green cut the thimble, Larry Cable the dime and Bobby Bennett the button. Along with the cake the small guests were served ice cream cones. Souvenirs were guinea pig balloons and candy tied together.

Mrs. Sharpe was assisted in the entertaining by Mrs. Pope Sapp, Miss Bonnelle Neinst and Miss Frances Sharpe.

Miss Rose Rischar Is Bridge Hostess

Miss Rose Rischar entertained Tuesday afternoon with seven tables of bridge, naming as honor guests her sisters, Miss Malchen Rischar and Mrs. Dan Legacey of Coeur d'Alene, Idaho. Mrs. Earl Evers was high when scores were tallied, and Mrs. Niley Smith was low.

During the games punch was passed, and at the conclusion the hostess served ice cream and angel squares. Plate favors were nasturtiums.

Out of town guests other than the honorees were Mrs. Edwin Walker of McGregor and Mrs. Earl Evers of Cuero.

PRESBYTERIAN AUXILIARY

The ladies of the Presbyterian Auxiliary met in regular monthly session Monday afternoon at the church. After the devotional reading the Bible lesson from the Book of Luke was taught by Mrs. John Green. This was followed by a business session, during which plans for the fall were discussed.

Miss Helen Green, student at Texas University, spent last week end in Cameron with her parents Mr. and Mrs. C. N. Green. She was accompanied back to Austin by her sister, Miss Mary Frances Green, who is visiting there this week. Miss Helen will receive her Master's Degree at the University on August 26, and she will teach English in the high school at Calvert this winter.

Mrs. Grady Stidham and children left Tuesday for San Marcos where they will visit relatives.

LIGHT RATES AGAIN REDUCED IN CAMERON

FIFTEEN PER CENT REDUCTION ANNOUNCED BY MANAGER JOHN C. YOUNG

A new commercial lighting rate, similar in form to the residential rate put into effect here a few months ago has been announced by J. C. Young, district manager of the Texas Power and Light Company. This rate, like the new residential rate, has a flat charge based on the maximum demand for electric service and a meter rate with steps of 7c a kilowatt hour and 5c a kilowatt hour, but with an additional step which brings the cost of electric energy down to 3c a kilowatt hour. The billing demand is based on the average maximum use of electric service. The minimum bill is the flat charge, but not less than \$1.00. The new rate becomes effective with the next bills received by commercial lighting customers, which includes hotels, recognized rooming and boarding houses, offices, warehouses, churches, schools, lodges, hospitals, shops and stores. With this change in form of the commercial lighting rate, the top step is reduced from 10c a kilowatt hour to 7c a kilowatt hour and the second step from 7c to 5c a kilowatt hour. The third step remains 3c a kilowatt hour. The new commercial rate is optional.

"The new form of commercial lighting rate recognizes the trend toward a greater use of electricity in modern stores and business houses," Mr. Young declared, "and provides a scale whereby a customer may make a greater use of electricity with little increase in cost. Only a few months ago commercial lighting rates here were reduced and the new rate makes possible further savings in the use of electricity for commercial lighting, fans and other small power uses. Under this rate merchants can use economically more light than under the old rate and the business section can be made more attractive at night with well lighted store windows."

"Repeated experiments have proved that proper illumination is one of the best salesmen a store can employ. Advertising in a newspaper and proper lighting in the store go hand in hand. The advertising brings customers into the store and plenty of light displays merchandise to the best advantage."

"The new rate conforms to the policy of the Texas Power and Light Company to keep its electric rates as low as is commensurate with sound business principles."

MEXICAN YOUTH WAITS FATE AS SLAYER HERE

SHERIFF HAS CALLS FOR PRISONER IN OTHER PLACES FOR VIOLATIONS

Antonio Hernandez, 21, native of Peru, has a police record back of his crime here on Tuesday August 6 when he killed Josef Pavlak with a hammer as the aged grocery man sat in his place of business some time after the noon hour.

According to chief deputy Vaughn at the office of Sheriff Blaylock, requests have come in from various places requesting custody of the youth on various charges.

It was practically certain today that Hernandez would not be indicted before September 1 when the grand jury next convenes.

In the mean time he is held in the Milam county jail to await action of the state. Because of the brutality of the murder the public mind is speculating upon the fate of the man who says he is a native of Peru. He is not the type of Mexican in appearance known to this country and this would indicate truth of his statement that he was born of the dark races of South America.

It is not known whether the state will ask for the death penalty. Juries in Milam county have seldom rendered verdicts of death, their method of punishment being embraced in long prison terms for murderers.

Hernandez quietly waits his fate. He shows little interest in his case but when asked questions will talk to a limited extent. At first he denied the murder but later is said to have made a full confession to District Attorney Lewis.

Josef Pavlak was beaten to death with a hammer and his store robbed of \$198.15 the money having been recovered from the youth when he was arrested on the Maysfield road late in the afternoon of last Tuesday. He said he wanted to buy an automobile with the money.

Cameron Boys Accept New Positions Here

Bert Nicholson and Fred Childress, two Cameron boys, have accepted new positions here.

Mr. Nicholson, who has been Deico Light and Frigidaire service man for H. C. Keith Electric company here, has been appointed by the Deico Light company as service man for a territory including Milam, Bell and Williamson counties.

Fred Childress will be employed by the Keith Electric company as service manager for Frigidaire company. He comes here from Temple where he has been employed by Mr. Anderson, Frigidaire dealer there, in the same capacity as he will fill here.

BAPTIST ENCAMPMENT OPENS AT WAYSIDE

CLASSES FOR INSTRUCTION IN WORK OF CHURCH WILL ATTEND BIG CAMP

A grand total of 156 people have registered for classes at the second annual meeting of the Milam County Baptist Encampment in session this week at Wayside Inn. There are 98 people enrolled in B. Y. P. U. classes, 42 in Sunday school classes and 16 in a W. M. U. class. These do not include some 15 or 20 who have not enrolled in any particular class, but are attending as visitors. Among the teachers are H. P. Black of Bryan, Rev. Robert Dobson, pastor of the Little River Baptist church; Rev. Homer Thompson, pastor at Ben Arnold; Mrs. Wm. Fannin of Cameron; Mrs. Wilson Gunn of Cameron, Miss Bertha Breazeale of Waco; and Rev. J. Kelly Simmons, pastor at Walker's Creek and at Tracy. Mrs. Homer Thompson and Mrs. J. Kelly Simmons alternate each day in telling Bible stories to primary children.

A total of 144 people are camping on the grounds. Fourteen tents are being used and six cottages. Rosebud has the largest number of representatives on the ground, there being 35 registered from there. Among other towns in the county that are represented are Cameron, Rockdale, Burlington, Ben Arnold, Little River, Tracy, Walker's Creek, Thorndale and Marlow.

The daily program for the encampment, according to V. B. Breazeale, president is as follows:

6:00 A. M.—Swimming.
7:00—Breakfast.
8:15—B. Y. P. U. Classes.
9:50—Sunday School Classes.
11:25—Sermon.
12:15 P. M.—Lunch.
2:00—Quiet.
3:00—Athletics and swimming.
5:00—W. M. S. Classes.
6:00—Supper.
7:45—Song Service.
8:10—Announcements.
8:20—Sermon.

L. C. Gayle is conducting a class in gospel music each evening at 6:30. Miss Cornelia Gunn is pianist for the encampment.

Dr. W. H. Knight, head of the Mission Department at the Baptist Seminary at Fort Worth, is preaching twice each day and bringing good messages. There is special music for each service.

BAPTIST OF COUNTY THANK MR. LAMKIN

APPRECIATION FOR USE OF BIG PARK AT WAYSIDE EXPRESSED BY ASSOCIATION

Thursday morning at the regular session of the encampment, the following resolutions were offered and adopted unanimously.

Whereas Mr. W. S. Lamkin has tendered to us the use of the grounds, pavilion, bath house, water, and lights without any charge whatsoever; and whereas these accommodations have been so very acceptable and such a delightful place for our encampment.

Therefore, be it Resolved, That we, the Baptists of Milam County, and other visitors to the encampment hereby extend to Mr. Lamkin our most hearty appreciation for his great generosity.

Be it further Resolved, That we request the board of directors of the encampment, if possible, to secure these grounds for the 1930 session of the encampment.

Be it further Resolved, That a copy of these resolutions be sent to Mr. Lamkin and to each of the Milam county newspapers.

Signed:
V. B. Breazeale, Pres.
E. S. Hutcherson
Miss Jennie Shirley.

SHARP TEAM WINS FROM BELL FALLS

SERIES OF GAMES TO BE PLAYED IN CAMERON—SHARPE TAKES FIRST 3 TO 2

Having eliminated Rogers in the Central Texas tournament for baseball honors the strong Sharp aggregation on Tuesday afternoon took on their next series with Bell Falls, best two out of three games which were all to be played on the Cameron diamond.

Tuesday's game was a pitcher's battle between Kostick of Sharp, who allowed only five hits and Darraugh of Bell Falls who allowed seven. Speegle and Hodge of the Sharp team slammed out a two-base hit each. Kostick and Darraugh both fanned eight opponents and while Kostick gave two bases on balls Darraugh gave none which shows the excellent fine form of each.

No score was registered until the fifth inning when Buckley led off with a hit was sacrificed to second by Young and scored when Lee, shortstop for Bell Falls, made an error on Henderson's grounder scoring Buckley.

In the eighth Bell Falls scored two markers and things looked dangerous for Sharp. Three hits, an error and a fielders choice accounted for the two runs. In the ninth Bell Falls was retired in one, two, three order, thus Sharp went into their last half of the ninth with the score two to one against them. Hodge led off with a two-bagger. Alford, batting for Buckley, got to first on an error. Young then got a hit filling the bases. White batting for Neal struck out. Then came up Henderson who smacked out a terrific hit scoring Hodge and Alford thus giving the game to Sharp three to two.

After the Bell Falls-Sharp series the winner is to meet the leader, West, in the final games, first of which will be played at Cameron.

Batteries: Sharp, Kostick and Henderson; Bell Falls, Darraugh and Farrow.

Score by innings:
Sharp 000 010 002—3
Bell Falls 000 000 020—2

MOST DISTINGUISHED CITIZENS NOMINATED

LEGION TO VOTE ON NAMES SUBMITTED BY ORGANIZATIONS HERE

In seeking the most distinguished citizens of Cameron the Edwin Hardy Post No. 9 of the American Legion asked the heads of all civic organizations in the city, together with the mayor and the pastors of the three largest churches in town to make nominations. These nominations have been received and are now being submitted to a vote of the membership of the Edwin Hardy Post and the result will be known soon.

The nominations were made on the basis of highest service as a citizen to this community and the nominations are as follows:

T. S. Henderson, Sr.
J. P. Love.
Miss Mollie Moore.
F. E. Jackson.
Mrs. W. O. Triggs.

Each person nominating one of the above outlined the many services they had rendered the community during the past year.

The winner when chosen will be publicly presented with a beautifully engraved certificate and his or her name will be placed with those chosen by other Posts in all the other leading Texas cities on a parchment scroll in Department Headquarters in the Capitol Building at Austin.

This is being done as a part of the state program of the Legion to promote better citizenship and to honor those in each community who are considered most distinguished and worthy citizens in promoting the welfare of their community.

E. L. Kahler Family Return From Vacation

Mr. and Mrs. E. L. Kahler and their two sons, Earnest Jr. and Clayton, returned to Cameron Wednesday from a week's vacation spent in Houston, Galveston and Eagle Lake.

While in Eagle Lake they visited Mrs. Osoba, sister of Mrs. Kahler. They enjoyed the trip and saw much of the coast country while away. Crop conditions are more favorable in Milam county this year than any place visited by them during the trip.

Cameron Boy Scouts of Troop 52 On Hike

The Boy Scout troop No. 52, accompanied by Scoutmaster Joe Lindle and Assistant Scoutmaster Pete Mikula, went for an all-day outing Sunday at Sugar Loaf Mountain near Gause. The party was composed of Scouts Ted Matula, Ernest, Paul and Rudolph Michalka, Frankie Ermis, Roy Wohle and Anton, August, Willie and Albert Moraw.

This troop is one of Cameron's most active and deserves credit for much advancement made in their troop. They left early Sunday morning for their outing, cooked their own dinner went on an exploration hike, practiced signaling and enjoyed a late swim in the river.

COTTON YIELD IN MILAM MAY BE SHORT OF 1928

GINNS RUNNING AND STAPLE IS BEING MARKETED DAILY IN CITY

Thursday morning approximately 150 bales had been weighed at the Cameron Compress from the new 1929 crop of cotton.

All of this cotton was ginned and marketed in Cameron and the season is ahead of the figures for this period last year.

The Herald called a number of cotton men and others in close touch with the crop for an estimate on the 1929 crop but on account of the late acreage over the county due to the June rains no estimate is available for the crop in this county.

Indications are, however, that the yield this year will be short of 1928 crop and may be far below the yield last year. Insect damage has been heavy in some sections and the late cotton is needing rain. The old cotton escaping the insect damage has made an average crop it is said and while the young crop in the bottom lands replanted following the flood is in good condition its yield is yet uncertain.

It is practically certain that the yield this year will be short of the 1928 crop.

All the cotton gins in Cameron are keeping up steam and are ready to handle the crop. Cameron buyers are paying top market prices and the sample is excellent and the farmers are receiving the maximum price for their cotton.

Sharp Takes Second From Bell Falls

After their defeat on Tuesday the Bell Falls team returned to Cameron on Wednesday for the second game with Sharp which was won in a handy manner by Sharp eight to five. West plays Sharp at Cameron on Friday then the battle is renewed at West Sunday and if a third game is necessary it is to be played at Waco on Monday.

Batteries in Wednesday's game: Sharp, Edger and Henderson; Bell Falls, Morgan, Ingram and Bateman.

Score by innings:
Sharp 220 004 000—8
Bell Falls 002 021 000—5

FRED MATTHEWS TO FACE TRIAL MONDAY

CHARGED WITH KILLING OF JOE HOSCH YOUNG FARMER TO STAND TRIAL

Fred Matthews, charged by indictment with the killing of Joe Hosch in Cameron on July 6, will face trial in the District Court here Monday August 12, the case having been called for that date with a special venire of men from which to select a jury.

The case will be tried before Judge John Watson's court and District Attorney, Jack Lewis will be assisted in the prosecution by Chambers and Gillis. The defendant will be represented by E. A. Wallace of Cameron and E. A. Camp of Rockdale.

Matthews first denied bail was later released after waiving exaacting trial on a bond of \$11,000.

Joe Hosch was shot to death near the Matocha Hardware store in Santa Fe town on Saturday, July 6 about six o'clock in the evening. At the time of the shooting Matthews is said to have driven to that section of the city and fired at Hosch across an auto truck parked near the store. Hosch ran from the scene and fell mortally wounded at the rear of the Torno and Price market. One bullet entered the left breast and another broke the left arm.

Matthews after the shooting drove to the office of Sheriff Blaylock and surrendered to Deputy Vaughn. He surrendered a pistol and said: "I have killed a man."

So far Matthews has made no statement other than to his attorneys. Some weeks previous to the killing Hosch is said to have shot Matthews with a shot gun and the latter was treated at the Cameron Hospital.

DRILLING IS RESUMED ON DEEP TEST WELL

WILLIAMS NO. 1 ON SCHEGUT TRACT GOING DOWN TO EDWARDS LIME

Drilling has been resumed on the Elbert Williams No. 1 on the Tom Schegut tract three miles east of Cameron across Little River. When the Austin chalk was cored in this well drilling was stopped for a while but will now continue until the contracted depth has been reached.

Considerable interest has been aroused in this well. Big companies and other investors have acquired acreage and royalties as a result.

The Austin chalk was cored at 2484 feet. The chalk was found some 300 feet higher than was normally expected to be found.

The showing of this well indicates a well defined structure according to oil men here and great interest is being shown in the well and trading in royalties has shown a sharp increase.

The McMahon Royalties Company of San Antonio have recently dealt in properties involving leases and royalties amounting to several hundred thousand dollars. The company is well financed and its resources are behind this well.

The block originally contained 3000 acres and the well is to be drilled to the Edwards lime which according to the operators will be found at a correspondingly higher level as indicated by the depth of the Austin chalk. The core was analyzed in Fort Worth and a report received here pronounced the chalk.

Some of the major companies have taken protective acreage as well as independent operators in the vicinity of this well.

Mexican Shot In Hip Dies At Rockdale; 2 Held In Shooting

Pilar Aguirre, a Mexican residing near Rockdale, who was shot in the hip Sunday night, died late Monday evening.

Two Mexicans, Antonio and Monica Linarez, are in the county jail, awaiting court action, and charged with murder.

Mrs. L. D. Hill, mother of Mrs. Will Vaughn, has been critically ill at the home of her daughter here for several days. Thursday her condition was reported unchanged and little hope was held for her recovery. Mrs. Hill is a native of Virginia and a pioneer resident of Texas. She is the mother of 18 children and one of the pioneers who came to Texas in the early days of the state. The many friends of the family wish for her recovery.

MRS. ABBIE REESE, 69 BURIED IN CAMERON

WIFE OF LATE DR. J. C. REESE
DIES IN HOSPITAL HERE
AUGUST 1 1929.

Funeral services for Mrs. Abbie Reese, age 69, wife of the late Dr. J. C. Reese, a pioneer citizen of Cameron, were held Saturday afternoon at four o'clock at the Methodist church. Rev. R. S. Marshall of Bryan, former pastor of Mrs. Reese who also officiated at the funeral of her husband, was assisted in the service by Rev. P. T. Ramsey of the First Methodist church here.

With Mrs. J. L. Clinton at the organ, music was furnished by a choir of voices from the Methodist church. Special music consisted of a male quartette, "Somewhere," by Messrs. W. A. Bonds, Dan Tyson, Bush Stafford and Andrew Freeman.

Pall bearers were Bush Stafford, Dan Tyson, Walter Sharpe, B. F. Bonds, E. O. Schiller and Johnnie Bryan. Honorary pall bearers were Judge Jeff Kemp, O. L. Kidd, Robert Todd, W. H. Triggs, J. H. DuBois, Graham Gillis, Judge John Watson, R. B. Rylander, S. W. Cheeves, Arthur Baskin, W. A. Bonds and C. W. Lawrence.

Rev. Ramsey read the Methodist service for the burying of the dead and then offered a prayer. Rev. Marshall, as a former pastor, was chosen to speak the life of the deceased and to comfort sorrowing relatives. He spoke of having known both Dr. and Mrs. Reese and of their having been active in church work in their younger days. Both of them were choir members. He declared that the final test of Christian faith is Christian life, and cited the fact that although Dr. and Mrs. Reese had no children of their own, they always had young people in their home. They reared from childhood their niece, Mrs. Jessie Lee Harvey, who died a few years ago, and at her death Mrs. Reese took her children, Abbie Reese and Lee Batte, and kept them until about six weeks ago, when they went to Nashville, Tenn., to live with their father. Rev. Marshall said that her life had been spent in love, devotion and care for others.

Mrs. Reese died at eleven o'clock in the evening, August 1, at the Cameron Hospital. Some few months ago she underwent an operation, from which she fully recovered, but a second one in so short a time and at her advanced age proved fatal. She was born in Arkansas on December 11, 1860, and moved to Milam County at an early age. She was married to Dr. Reese on March 20, 1881, and her husband died on September 11, 1925. She is survived by a sister, Mrs. Jessie Winn of Nacogdoches; a brother, W. W. Womack of Woodward, Okla.; and a number of nieces and nephews.

Negro Farmers Win First Places For Prairie View Tests

The negro farmers of Milam county under the supervision of county agent, J. H. Williams, and assisted by O. J. Thomas, principal of the high school and vocational teacher, made a wonderful showing at their short course, which was held at Prairie View College July 29th and 31st.

Two thousand people attended the meeting and of this number 84 were from Milam county. This was the second largest delegation there. Thirty club boys and girls were entered in the ten contests held, making one of the most outstanding showings that any county has ever made in the history of this meeting.

The junior group from this county,

in the judging contest, won seven out of the ten first places, two second places and five third places as follows: Holstein cattle, Nathaniel Burks first; Greta Neely (girl) third. Judging hogs, Elwood Kelly, first. Judging White Leghorns, Julius Whiteside first; A. J. Mowing second. Bridger Neely, third. Judging Barred Rocks, A. J. Mowing, first; Bridger Neely, third. Seed identification, Nathaniel Burks, first; Julius Whiteside, second; Greta Neely (girl) third. Judging corn, Elwood Kelly, third; Nathaniel Burks, first. Terracing (team) Aubrey Sparks and Bridger Neely, first. Nathaniel Burks, Cameron, was high point boy in the contests.

Forty-one counties of Texas were represented and about 350 boys and girls were entered in these contests, with Milam County winning half the prizes.

Two of the outstanding incidents of the meeting were the election of Aubrey Sparks, a Davilla boy, as Vice President of the Boy's State Club and J. H. Williams Milam County Agent, as State Club Leader.

ESSEX WINS COVETED FRENCH TROPHIES

The Ansaldo Trophy, most coveted prize in the annual reliability tour organized by the Motor Club of France, was won this year by an Essex—the Challenger, against the largest field of competitors even entered. This field included many of the most expensive cars built.

The tour consisted of nine days run of approximately 310 miles each with intermediate days in the various French provinces devoted to speed contests, hill climbs, starts with cold motors, brake tests and other events designed to bring out the real qual-

ities of the cars. Other trophies won by Essex in France are the Lyonnais Cup, the Pyrenees Cup, the Atlantic Cup, the Cup of Brittany and the Cup of the North.

This trophy is one of the many won by Essex—the Challenger this year. Recently an Essex established a new endurance record in South Africa. Among the many records set by Essex in the United States were the runs made, with sealed motors, from San Francisco to the Mexican border and back, a new six day reliability and speed record set at Lake Muroc, and the winning of the climb to the summit of Mt. Diablo.

METHODIST SOCIETY

The ladies of the Methodist church met Monday afternoon at four o'clock at the church for a business meeting with the president, Mrs. R. H. Davis, in charge. The devotional was led by Miss Mollie Moore. All officers present gave their reports.

The Society will meet at the church next Monday afternoon for Bible study.

FOOT-LOOSE AMBITION

There is no credit in ambition that
no better destination than to get
or get honor in the world. The
ious rewards of success are suf-
to account for such vague
rings of good intention, and these
as common as humanity. But a
uine ambition is fortified with
e definite purpose. It is not alone
cerned to be on its way, but it
y knows where it is going.

ambition that has its wagon hitch-
to a specific star can chart its
rse, count its gains and losses and
d waste little time. Foot-loose am-
n can wander the world over and
ack at last where it started. Gen-
e ambition finds happiness as its
ghor, since it guides a man in
path of plain work and constantly
asures his capacity and courage
inst a scale of perceptible pro-
ss. Undisciplined ambition keeps
pany with discontent, since its
ger is never satisfied with the
ly bread of small accomplishment.
ound ambition may miss its mark
will not fail of its reward. But
mere shapeless desire for more
d better possessions, easier living
d unearned honor is liable to re-
in fforever unsatisfied. At bot-
n it is usually no more than bad-
per rebellion against the suc-
s of others.

HIDDEN TREASURE

So long as there is work to be done
d the will and strength to do it,
must be choosing what master
y will serve. They may prefer to
y allegiance to the past, where old
standards, old beliefs, old ideas ask
eir loyalty and service, or they may
ed the lure of the future, where all
at is new and strange and changed
s waiting.

Men are of these two sorts: Those
o look backward for security and
urance and those who will gladly
ve yesterday to oblivion and trust
eir fate and fortune to tomorrow.
Men are grown old when tomorrow
es its lure and the past begins to
aw them back from dreams and de-
es for the unknown future. Yet he
o wishes to hold on to youth need
ver lose it altogether, since any
y that is still to come may prove
her and more fruitful than a year
at is gone.

Hidden treasure lies beyond the
rizon of every new day. All that
man has done and known and ex-
perienced is but a little compared to
at awaits him in the treasure-chest
Time. He who keeps his courage
ll not be content with past rewards
hile the future is so rich in promise
d possibility.

IN DEBT FOR A CAR

A business writer says that retail
erchants have been deterred from
ocking up as usual by their knowl-
edge of the obligations that many of
eir best customers have assumed
order to buy the automobiles that
ey use.

Buying cars on time has been en-
courage so much that it has become
general practice. And once in pos-
session of a car, the average owner
ill deprive himself of almost any-
ing else rather than give up his car.
It is a curious situation. Here is
ne great reason why the automobile
dustry has made so fine a record in
cent years—its lavish extension of
redit. An obvious recourse of the
akers and sellers of other forms of
erchandise is to give more credit
hemselves. But that is a very dan-
ous solution.

DRESSING TO PLEASE

A few days ago much space was
iven in the news to the claim that
tyles and cuts in feminine raiment
are largely controlled by men. Now
t appears that, to a large extent, wo-
men select and buy men's attire for
store trade. That makes it about 50-
50—and why not an admirable ar-
rangement?

As a rule, the object of fastidious
feminine dressers is at least to pass
muster with the male element at re-
viewing stations, and with the mas-
culine peacocks it is the feminine ob-
server whose praise is sought. The
matter standing thus, it is a logical

line of activity which requires tech-
nical skill for its practitioners affords
problems in engineering. The barber
is a hirsutical engineer, the veteri-
narian an equine, bovine and canine en-
gineer. The dentist is an oral en-
gineer, the lawyer a jurisprudential
engineer. Even State Press classes
up with other engineers, in that he en-
gineers a typewriter. Certainly, then,
the bride whose papa was a plumber
had an unassailable right to design-
ate him as a domestic engineer. He
practices engineering in the domiciles
of the people, and that makes him
a domestic as distinguished from a
foreign engineer. Yet it is doubtful
if the young lady was wise in wish-
ing to have her father known as an
engineer. Plumbers are paid big
money for plumbing, whereas engi-
neers are as a class less prosperous.
A plumber can track up a clean floor,
smudge up a porcelain bath tub,
knock chunks out of a plastered wall,
even break holes in the side of a
house, and be excused on account of
being a plumber. People have been
taught to expect a good deal of de-
struction from a plumber, but if all
the plumbers become domestic engi-
neers they will have to leave the cus-
tomer's home in as good condition as
they find it. This may help the cus-
tomer but it will break the spirit of
the old-fashioned plumbers.—State
Press, Dallas News.

AUGUST

August brings a touch of fall. The
sun is perceptibly on its way south.
Earlier it takes its candles through
the woods and goes to bed. Evening
may bring a suggestion of chill and
a thought of a log fire. The chang-
ing season is depicted in the wild
growth in the fields and woods, and
there'll soon be wild grapes to gather.
The silk of the sweet corn is brown.
Thickets are growing yellow. Soon
a dried leaf will come tumbling out
of the tree top. The old wheel is on
another turn.

THE NEW ENGINEERING

Cameron Herald: A woman sent
the society editor an announcement
of her daughter's engagement. An
hour later the daughter called up in
evident agitation to ask if it were too
late to correct one of the details. 'Mo-
ther made a dreadful mistake and I
can't understand how it happened.
She said father is a plumber.' 'And
isn't your father a plumber?' patient-
ly inquired the editor. 'Certainly not!
My father is a domestic engineer.'

The young lady was right. A
plumber is a domestic engineer. Every

The growing interest in farm relief
legislation and the subsidy of \$500-
000,000 amounts to an admission that
the tariff does not help the farmer.
Schedules for the benefit of the in-
dustries have reached a point where
foreign producers can not sell their
peculiar products to this country. As
a consequence they have no money to
buy our foodstuffs and are not con-
sumers of our farmers' products. The
result to the farmer is that as soon
as the local needs are supplied the
surplus can not be sold. Foreign con-
sumers who need it have not the mon-
ey with which to buy it. The policy
of the high protectionists and of in-
dustries has been that we sell, sell,
sell and never reciprocate by buying.
The time has come when the tariff
business has become too heavy. Con-
ditions can no longer be improved to
industry or the farmer either by in-
creasing tariff. An evidence of this
is the votig of \$500,000,000 subsidy
for the farmers. We feel that as long
as industry is protected to the extent
of exclusion of those who would en-
ter on reciprocal trade relations with
us that it is fair that the farmer
should be aided in a similar manner

with tariffs and subsidies, but it
looks like patching the roof when it is
the foundation of things that needs
attention.

Bankers have figured it out that
the nation spent \$75,000,000 celebrat-
ing the Fourth. The matter is im-
portant only in that it shows what
the country will do for amusement.
This amount would build a hard sur-
faced road entirely across the coun-
try. It would build three hard sur-
faced roads across Kansas north and
south and three hard surfaced roads
east and west. After all, the fret
about spending money for good roads
is all hokum. The way to build a
good road system is just to think of
it as a big celebration and go to it.
Three days afterward no one would
miss the money the roads cost.

Alas! You couldn't enjoy the days
of your youth without the daze of
your youth.

The good old slogan, 'Children first'
would avert many a wreck on the sea
of matrimony.

ing a nation by not permitting her to

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County, Greeting:

You are hereby commanded to summon the unknown heirs of A. J. Buffington by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to be and appear before the Honorable District Court of Milam County, Texas, at the next regular term thereof, to be holden at the Court House in Cameron on first Monday in September 1929 same being the second day of September 1929, then and there to answer the Plaintiff's Petition, filed in said court on the 16th day of July 1929, wherein the State of Texas is plaintiff and the unknown heirs of A. J. Buffington are defendants. File Number of said suit being 1018.

The nature of the Plaintiff's demand as set out in said petition being an action to recover of the defendant the sum of \$69.41 as delinquent taxes due plaintiff for the years 1910, 22, 23, 24, 25 and 26 including interest, penalties and costs, that have accrued thereon, said taxes, interest, penalties and costs being due upon the following described property, situated in the County of Milam and State of Texas and within the metes and bounds and territorial limits of said (1) to-wit:

Two tracts of land out of the James Dunn survey. First tract being 40 acres of land and being land conveyed to A. J. Buffington by deed dated October 6, 1908 and recorded in Book 105, page 395 Deed Records of Milam County, Texas and the other tract being 10 acres out of the 70 acre tract conveyed to A. J. Buffington by J. J. Hairston.

And plaintiff further prays for the foreclosure of its liens against said property, to satisfy said taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit, and for general and special relief, all of which will more fully appear in plaintiff's original petition now in file in this office.

Herein fail not, and have you then and there before said Court, on the this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Cameron in the County of Milam, this 16th day of July A. D., 1929.

PENN WOLF, Clerk,

13-4tc Dist. Court, Milam. Co., Tex.

METHODIST CHURCH

The attendance at both worship hours last Sunday was quite encouraging. Faces in the congregation told us that many are returning from their vacations. We want every one right back at church as soon as they return.

The pastor will preach at both services next Sunday. At the morning hour the subject is 'Tribulation.'

At the night the theme will be of the popular order and will appeal to the young folks. It is 'In Fashion or In Favor.' This sermon is constructed along the lines of Dr. William L. Stidger's 'Symphonic Sermons.' Come and see how you like this style of preaching.

The choir will furnish good music both morning and night.

Sunday School will meet at 9:45. The Epworth Leagues, all three, will meet at 7:00.

Mrs. A. A. Lee will be the soloist at the night service.

Mr. and Mrs. Sam Deer have had as recent guest for the summer Mrs. Ella Allen of Kosse, grandmother of Mrs. Deer. While she was here four generations were honored: Mrs. G. D. Hooker of Rogers, Mrs. Sam Deer and son, Prothro.

The supply of trouble usually exceeds the demand.

Prosperity Pointers

Nothing gives a better idea of the financial condition of a country than the reports of its transportation companies. The Texas railroads had a net operating income of \$12,520,271 during the five months ending May 31 according to reports made to the Texas Railroad Commission, an increase of \$1,954,899 or 18.5 per cent.

All operating revenue, except passenger receipts, showed increases. This included freight, mail, express and other revenue. The decrease in passenger traffic was due to bus competition which has become strong in every section of the State. The trucks are doing an immense business also, but as it is largely in short hauls the effect of truck competition is not severe.

The alarm once felt about bus and truck competition appears to have subsided. There seems to be room for all to prosper in Texas. The railroads have had more business than they could handle since the movement of wheat began.

Bus Travel Increases

Bus officials report a healthy and gratifying increase in passenger transportation in Texas. In San Antonio alone the number of passengers handled at the Union Bus Station increased almost 100,000 in May, June and July over the corresponding months of last year. The increase throughout the state was probably great proportionately.

Better roads, better busses, better schedules and better service are bringing better bus service. Business is generally helped by better transportation facilities—that is the business that is enough wide-awake to take advantage of the changing conditions. The other kind of business is fast going to the bad. Business concerns have to keep up with the times or lose. This is growing more evident all the time.

Railroads Fighting For Extensions

Railroads are not anxious to extend their lines into sections that are not prospering or giving strong evidence of early prosperity. Practically every railroad operating in Northwest Texas is seeking permission from the Interstate Commerce to extend its lines and its operations. Most of the applications for extensions are being contested by competing lines and in some cases the contests wax warm. It begins to look like the connecting links will be built in the proposed line from Corpus Christi through San Antonio, Fredericksburg, Mason and Brady to San Antonio—at least within the next year or two. The Orient line, now a Santa Fe subsidiary, is going into and across Mexico. In other parts of Texas, railroads are seeking new territory. Their business is good and the prospects are pleasing.

Busses Also Seek Permits

Sixteen applications have been filed for hearing before the bus division of the Texas Railroad Commission at its meeting the first week in August for permits to operate new passenger bus lines. Practically all of these are in East Texas. There are now an excess of 700 bus stations in Texas and the number is constantly increasing. Bus lines are seldom discontinued in the State for lack of business,

despite the fact that there is an average of one auto for each family.

Airplanes Lower Rates

While airplane passenger and express service is increasing in Texas the high passenger rates have kept many from using this modern method of transportation. Many planes make trips across the State without a passenger and it is seldom that the passenger facilities are overtaxed. The passenger rate has now been reduced from 12 cents to 10 cents a mile, with one and a half round trip excursion rate for some special occasions. There is an intimation of still further reductions. The airplane will have to be able to make a fare of not exceeding twice the railroad or bus fare to bring airplane travel within the reach of the public.

Not Enough Airports

There are not yet enough airports in Texas to make air travel popular or general. Facilities are as necessary for lighting as for flying. Abilene is among the latest of the cities to open a modern airport, after it was found that many airplanes passed it up to land at Midland.

Airport factories are increasing. The Alamo Aircraft Corporation is constructing a large factory at San Antonio. The first factory, established at Temple, has moved to Dallas to be better able to increase its output. Privately owned airplanes are becoming common. But they can't land in towns that do not provide proper landing places.

What a Grain Crop

With early estimates placed at around 35,000,000 to 37,000,000 bushels of wheat in the Panhandle, the railroads are finding that they will have to provide enough cars to handle 45,000,000 bushels. Three railroads have handled 24,000 cars of grain or something more than 75 per cent of the crop, and are fast rushing the rest of the crop to destination points. Large piles of wheat have been placed on the ground at almost every Panhandle station awaiting cars for shipment.

Sheep and Goat Interest

The largest crowds that have ever attended such a meeting were at a gathering of the Texas Sheep and Goat Raisers at Del Rio. Nearly 3000 of the finest registered sheep and goats were there, pronounced to be the 'greatest collection of sheep and goats of the highest standard of quality ever offered to breeders of the nation at any convention in the history of the industry.' Buyers were there from California, Utah, New Mexico, Arizona, Kansas, Oregon, Kentucky and other states. And they bought at prices that a few years ago would have staggered the old-time sheep and goat growers. Admittedly, Texas has the best climate and the best pasturage in the world, not even excepting the best parts of Australia, for growing sheep and goats.

Mediterranean Fly Fight

Both the National and the State departments of agriculture are using the utmost vigilance to keep the Mediterranean fly, which has proved so ruinous to the Florida citrus crop, out of Texas. So far the fight has been effective, but occasionally Florida citrus fruits get into the state, being brought usually by passengers coming by rail or water from Florida points. The most dangerous carrier is grapefruit. Why any one who has ever eaten Texas grapefruit would want the Florida product is hard to see, unless he has a taste for bitter

rather than sweet fruits.

The Mediterranean fly is said to thrive in every kind of fruit grown in Texas except pineapples and water melons, and it even extends its ravages to most of the vegetables. Every Texan owes the duty to his state to assist in keeping the pest out of Texas.

Gasoline Tax Law Tape

The gasoline tax law passed by the last legislature is a mess. It is so complicated that the Attorney General's Department and the Comptroller's Department are both sending representatives over the state to try to explain it. They may make it clear to the lawyers, but the average gasoline buyer who is entitled to the 4 cent tax exemption will hesitate before paying notary fees and \$1.00 filing fee and trying to untangle the red tape necessary to get his money back.

LAWN PARTY

Honoring their sister, Miss Adelaide Bickett, who will leave soon to enter training in Scott and White Hospital, Misses Martha Ann and Winifred Bickett entertained with a lawn party on Friday night.

Games and strolls were enjoyed on the lawn. Music was furnished by the radio. Punch was served by Misses Winifred Bickett and Gladys Kinard.

At a late hour the hostess served ice cold watermelon to their guests. Misses Martha Ann and Winifred were assisted in entertaining by their mother and aunt, Mrs. Winifred Wittliff of Dallas who is visiting in the home of her sister, Mrs. A. W. Bickett.

MISSIONARY SOCIETY

The Missionary Society of the Christian church met Monday afternoon at the home of Mrs. E. B. Lovick. There was an excellent attendance. The program was led by Mrs. Martin Kilian, Mrs. Guy Slocumb and Raymond Beard, assisted by Mrs. Mrs. Ray Burke.

The hostess served punch, sandwiches and cake.

Mr. and Mrs. W. I. Clark has as their guests last week Mr. and Mrs. Charles Shannon of La Feria. Mrs. Shannon, who is Mrs. Clark's niece was Miss Kate Maples before her marriage.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County, Greeting:

You are hereby commanded to summon the unknown heirs of A. J. Buffington by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to be and appear before the Honorable District Court of Milam County, Texas, at the next regular term thereof, to be holden at the Court House in Cameron on first Monday in September 1929 same being the second day of September 1929, then and there to answer the Plaintiff's Petition, filed in said court on the 16th day of July 1929, wherein the State of Texas is plaintiff and the unknown heirs of A. J. Buffington are defendants. File Number of said suit being 1018.

The nature of the Plaintiff's demand as set out in said petition being an action to recover of the defendant the sum of \$69.41 as delinquent taxes due plaintiff for the years 1910, 22, 23, 24, 25 and 26 including interest, penalties and costs, that have accrued thereon, said taxes, interest, penalties and costs being due upon the following described property, situated

in the County of Milam and State of Texas and within the metes and bounds and territorial limits of said (17) to-wit:

Two tracts of land out of the James Dunn survey. First tract being 40 acres of land and being land conveyed to A. J. Buffington by deed dated October 6, 1908 and recorded in Book 105, page 395 Deed Records of Milam County, Texas and the other tract being 10 acres out of the 70 acre tract conveyed to A. J. Buffington by J. J. Hairston.

And plaintiff further prays for the foreclosure of its liens against said property, to satisfy said taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit, and for general and special relief, all of which will more fully appear in plaintiff's original petition now in file in this office.

Herein fail not, and have you then and there before said Court, on the this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Cameron in the County of Milam, this 16th day of July A. D., 1929.

The Essex Car

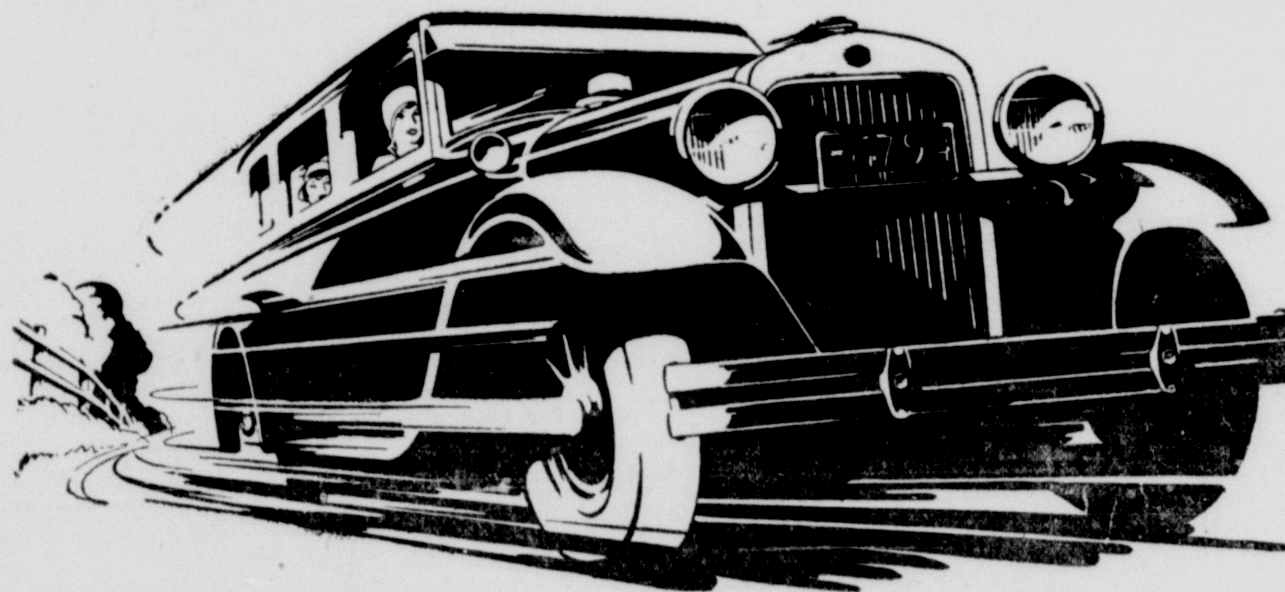

Is only one of the many desirable things we have in stock. It is the best of its kind, of course in our opinion. Equally as good in its way is the spirit of courtesy we put behind it, the maintenance system we provide for all its owners, the personal interest we take in each and every one of them, the conscientious effort we make to do things right and earn our customers friendship.

The Essex car is a great machine and deserves that kind of backing. But the credit for that goes to the Essex factory. We could not build it here if we wanted to but we can build a business atmosphere to match it in quality, and we work days and nights to accomplish that purpose.

The Essex owner is the judge of our success. Ask him about the spirit of our business.

ESSEX THE CHALLENGER

the *reliability* Car of the year!

"Reliability" is dominantly associated with all that Essex the Challenger stands for. The experience of more than 200,000 owners, with the lowest record of service cost and requirements, has established it outstandingly as "the Reliability Car of the Year."

The winning of the Tour de France reliability classic, in which two Essex Challengers were the only cars to make perfect scores, in a field of high-priced American and European entries, is but dramatic evidence of the

kind of reliability every Essex owner knows.

Essex records are country-wide. No matter where you live, you will probably find the outstanding reliability event of your locality is held by Essex the Challenger.

Mrs. G. C. Walters Is Hostess Picnic Party

In honor of her niece, Veralice Chartrand of Houston and her daughter, Mildred Moore, Mrs. G. C. Walters entertained Tuesday evening with an outing at the river, the trip there and back being in the nature of an old fashioned hay ride on a truck.

Swimming was the chief diversion of the evening, after which ice cold lemonade and sandwiches were served and marshmallows were roasted over a fire.

Those enjoying the delightful occasion were Veralice Chartrand, Mildred Moore, Maidie Watson, Jane Tyson, Henriem Hefley, Beulah Collier, Rebecca Perry of San Antonio, Car-

oline Porter of Jackson, Tenn., Helen Swift, Betty McCollum of Houston, Make McDermott, Mutt Slocumb, Howard Terry, Stanley Hughes, John Watson, Julian Freeman, Snookie Wallace, Carol Green. Chaperones were Mr. and Mrs. Walters and Mrs. Vera Chartrand of Houston.

METHODIST CHURCH

The attendance at both worship hours last Sunday was quite encouraging. Faces in the congregation told us that many are returning from their vacations. We want every one right back at church as soon as they return.

The pastor will preach at both services next Sunday. At the morning hour the subject is 'Tribulation.' At the night the theme will be of the popular order and will appeal to the young folks. It is 'In Fashion or In Favor.' This sermon is constructed along the lines of Dr. William L. Stidger's 'Symphonic Sermons.' Come and see how you like this style of preaching.

The choir will furnish good music both morning and night.

Sunday School will meet at 9:45.

The Epworth Leagues, all three, will meet at 7:00.

Mrs. A. A. Lee will be the soloist at the night service.

Stidham Children Have Park Party

Mrs. Grady Stidham entertained at the City Park Friday afternoon with a joint birthday party for her three children, Myrtle, Grady Jr., and Owen with sixty or seventy guests present. There was a birthday cake for each honoree and his group of friends. Candy and soda water were served with the cake.

Favors for the girls were small dolls and for the boys were balls.

CORNELSON'S ORCHESTRA AT SKEEZIX FRIDAY

Cornelson's, one of the best dance orchestras in Texas will play for the dance at Skeezix Friday night. Mr. Cammer is very fortunate in securing this orchestra. Skeezix is the coolest dance hall in Central Texas and every dance sees a large and enthusiastic crowd present.

BIRTHDAY PARTY

Larry Cable and George Bowman observed their fifth birthdays Tuesday morning, August 6, with a party at the home of the latter. There were two cakes for the little folks to cut.

one for each host. All kinds of games were enjoyed.

Ice cream cups were served together with cookies iced in chocolate and decorated with animal crackers. Both Larry and George were recipients of number of nice gifts from those present.

Miller Tires Keep The Car Running Says C. N. Green

In these days where there's a party somewhere every day, the average man aims to keep his car running as a fire-engine. No time for break-downs today. Old Dobbin in his day could loaf around between meeting-time and next week, but the family car has to keep on the go. Especially when the wife drives it.

"That's why men expect lots more from their tires now than ever before," said C. N. Green of the Green Brothers Store.

"Never before has a tire been created combining all of the virtues that make it good enough to satisfy the average man until the Miller Rubber Company set out to make a perfect tire at a moderate price. The famous Geared-to-the-Road anti-skid tread design was redesigned, cut deeper, made thicker, and additional rubber used in it, so that it fairly geared itself to the road on each revolution. Inside, this tire carries vastly more strength than any previous tire in its field.

"We aren't making our claims on the basis of specially built tires but on 'Stock Models'—the same tires we sell out of our own store. The tires we tested were exactly the same as any New Miller in our stockroom and they were tested against the present up to date stock tires of 13 leading competitors. The results showed us that Miller's New Geared-to-the-Road tire far outwears any tire in its price class."

To make this statement mean something to the average man, the Miller Rubber Company guarantees every tire of this style to outwear any competitive tire of the same price class when run under the same conditions. Miller dealers are now displaying this new tire and giving details of the new guarantee. This, it is stated is the broadest and fairest guarantee ever instituted in a keenly active and highly competitive field.

BAPTIST W. M. S.

Members of the W. M. S. of the Baptist church met at the church Monday afternoon for a business session with the president, Miss Clara Thomas, in charge. The devotional reading was from Psalm 34.

Following the reading of the minutes of the last meeting, the treasurer's report was heard and then the report from the personal service chairman. The following assignments for personal service were made: Eunice Taylor Glass, hospital and shut-ins; Lillie Mae Hundley, sick; Lottie Moon, new members. A committee to nominate officers for the next year was appointed. This committee consists of the chairmen of the three circles, Mesdames Conn Miller, Martha Shepherd and F. J. Beckerman and Mrs. George Mangum. Lillie Mae Hundley circle is to have charge of decorating the church for the next month.

Attendance from the circles was as follows: Eunice Taylor Glass, 6; Lillie Mae Hundley, 6; Lottie Moon 11. The ladies will meet in circles next Monday for Bible study: Eunice Taylor Glass with Mrs. John Dobbins; Lillie Mae Hundley with Mrs. Geo. Mangum and Lottie Moon at the City Park.

MELON FEAST

The nature of the plaintiff's demand as set out in said petition being an action to recover of the defendants the sum of \$223.36 dollars as delinquent taxes due plaintiff for the years 1917, 1919, 1924, 1925, 1926 and 1927 including interest, penalties and costs, that have accrued thereon, said taxes, interest, penalties and costs being due upon the following described property, situated in the county of Milam and state of Texas and within the metes and bounds and territorial 8 acres of land out of the A. G. Perry League and being the same land conveyed C. G. Cobb to C. Saddler by deed dated Nov. 29th, 1883, recorded in Vol. 21 page 451 of the deed records of Milam county, Texas.

And plaintiff further prays for the foreclosure of its liens against said property, to satisfy said taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit and for general and special relief, all of which will more fully appear in plaintiff's original petition now in file in this office.

Herein fail not, and have you then and there before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at my office in Cameron, in the county of Milam, this 27th day of July, A. D. 1929.

Essex the Challenger Wins Coveted Trophy

ESSEX WINS COVETED FRENCH TROPHIES

The Ansaldo Trophy, most coveted prize in the annual reliability tour organized by the Motor Club of France, was won this year by an Essex—the Challenger, against the largest field of competitors ever entered. This field included many of the most expensive cars built.

The tour consisted of nine days run

of approximately 310 miles each with intermediate days in the various French provinces devoted to speed contests, hill climbs, starts with cold motors, brake tests and other events designed to bring out the real qualities of the cars. Other trophies won by Essex in France are the Lyonnais Cup, the Pyrenees Cup, the Atlantic Cup, the Cup of Brittany and the Cup of the North.

This trophy is one of the many won

by Essex—the Challenger this year. Recently an Essex established a new endurance record in South Africa. Among the many records set by Essex in the United States were the runs made, with sealed motors, from San Francisco to the Mexican border and back, a new six day reliability and speed record set at Lake Muroc, and the winning of the climb to the summit of Mt. Diablo.

an outing at the river, the trip there and back being in the nature of an old fashioned hay ride on a truck.

Swimming was the chief diversion of the evening, after which ice cold lemonade and sandwiches were served and marshmallows were roasted over a fire.

Those enjoying the delightful occasion were Veralice Chartrand, Mildred Moore, Maide Watson, Jane Tyson, Henriem Hefley, Beulah Collier, Rebecca Perry of San Antonio, Caroline Porter of Jackson, Tenn., Helen Swift, Betty McCollum of Houston, Make McDermott, Mutt Slocumb, Howard Terry, Stanley Hughes, John Watson, Julian Freeman, Snookie Wallace, Carol Green. Chaperones were Mr. and Mrs. Walters and Mrs. Vera Chartrand of Houston.

If you are interested in orange and

If this community thinks it can, it can

There's no thrill in easy sailing
When the skies are clear and blue.
There's small joy in merely doing
Things which anyone can do.
But there is some satisfaction
That is mighty sweet to take
When you reach a destination
That you thought you'd never make.

How true of the individual. But the same thing is true of a community, a town. There's little satisfaction in a community when it is content to plod along in the same old groove, the same old rut with no prospects ahead for improvement tomorrow or next year.

When this attitude settles down on a community, it hampers progress. The community gets the idea that there is no use to attempt to do anything. It kills initiative and stifles progress.

The thing for the individual to do is to think he can. The thing for the community to do is to think it can and to work with faith and belief.

It is the open sesame to community progress and community development.

WEAK AND THIN

Virginia Lady Was Just Dragging Around. Health Improved Steadily After She Took Cardui.

Bristol, Va.—"I was just about down in bed and so weak I was past going," writes Mrs. Jennie Goodman, of 718 Portsmouth Avenue, this city. Mrs. Goodman says her family was very uneasy about her condition, as she seemed so weak and thin.

"I ached all over," she explains, "and my back and sides hurt most of the time."

"I dragged around, and did not see a day of good health."

"I went to call on one of my neighbors, and she remarked about my looking so bad. She told me to get a bottle of Cardui and take it. Next Saturday night, my husband brought it home to me."

"Before I had taken Cardui a week, I was feeling much better. I continued taking it for awhile, as my health kept on improving."

"I gained in weight, and soon was feeling like a new person. Since then I have taken Cardui several times, and it has always done me good. I can recommend it to others."

Cardui has been in use so long that its merit has been proved by the experience of several generations of women.
